## U.S. CRUISER WRECKED

Charleston Went on Reef Off  
Luzon Coast.

### ALL ON BOARD WERE SAVED.

**Aguinaldo and His Army Reported Practically Surrounded—His Secretary Captured—Some Supplies of Rebels Also Taken—Great Work by Our Troops.**

MANILA, Nov. 14.—(12:20 p. m.)—The United States cruiser Charleston, which had been patrolling the northern coast of Luzon, was wrecked on a reef off the northwest coast on Tuesday, November 7.

All on board were saved.

MANILA, Nov. 14.—The correspondent of The Associated Press with General Young telegraphs from San Jose that Aguinaldo did not escape to the northeast. He and his army, the correspondent added, was surrounded. His last orders to the Filipino commander at San Jose were to hold San Jose and Carranglan at all cost.

WASHINGTON, Nov. 14.—The following dispatch from General Otis was received at the war department:

MANILA, Nov. 13.—MacArthur's advance, Thirty-sixth volunteers and cavalry troop under Bell, entered Tarlac 7:10 p. m. yesterday. Enemy fled. By great labor MacArthur succeeded in getting forward to Capas yesterday all artillery and quartermaster's transportation and will have command in Tarlac today, his advance pushing forward to save as much of railroad as possible, when enemy trying to destroy on retreat. Many deserters from enemy who passed into MacArthur some 30 rifles yesterday. Insurgents in that section reported to be short of provisions.

Lawton pushing forward with great energy, his advance obliged to leave behind all transportation and depend to great extent upon country for subsistence. Hayes, Fourth cavalry, in vicinity of Carranglan, has captured large amount of insurgent property and nearly half battalion of 400 soldiers transporting Aguinaldo's property north over mountains, together with his private secretary and seven officers. Young, with Third cavalry and Baton's Macabete scouts followed by balance battalion Twenty-second infantry, leaving behind all transportation, pushed out on San Jose Lupam, San Quentin and Mayug road and scattered enemy stationed at these points, most of whom were driven southward.

Wessels with squadron of Third cavalry hastened forward to Mayug, where insurgents' supply depot was captured, securing several hundred thousand pounds of rice, 3,500 pounds flour, 7,500 pounds salt and other provisions, 1,300 uniform coats, new, many blankets and other articles of clothing, also number of insurgent officers and 69 Spanish and 2 American prisoners. Detachments sent north to San Nicholas, and it is believed that Young established communication with Wheaton's troops last evening. Indications are that insurgents will not escape to mountains capital at Bayonbong without great difficulty and loss, if at all.

Our troops at Tarlac, Ariaga, Tala, San Jose Bupao, Humingan, San Quentin, Tayug, San Nicholas on through to Lingayen gulf, with strong station at Arayat, San Isidro, Cabanatuan, should cause insurgents some annoyance. Our troops have suffered great hardships and have performed most severe service, but are reported in excellent condition and spirits. The enterprise and indomitable will displayed by officers never exceeded.

### PRAISED AMERICAN SOLDIERS

**A British Officer Spoke of Their Bravery and Intelligence.**

LONDON, Nov. 14.—A British naval officer who has just returned from a town in the Philippines was interviewed regarding the situation there, of which he takes a somewhat pessimistic view. According to the published interview, he thought that more river gunboats were needed and that General Otis was trying to run the campaign too economically.

Paying a high tribute to the "surprising intelligence and confidence of the American soldier," the officer said:

"Patience and bravery the American soldier has shown in a high degree, but he is not particularly mobile. He

would be more emaciated if instead of being collected in comparatively enormous numbers he were used in smaller forces, moving more rapidly and living in the country instead of requiring vast quantities of potted luxuries.

"Moreover, he looks tired and as if he wanted something to do. Except for an occasional game of base ball there is nothing for him to do but to drink. Now, if he were a British soldier he would be diverted by all sorts of sports."

### HOBART MAY BE SPARED.

**Wife and Family Believe Life Will Be Preserved For a Long Time.**

Eating Regularly.

PATERSON, N. J., Nov. 14.—Improvement in the condition of Vice President Hobart continues, and Mrs. Hobart and other members of the family felt confident that the life of the vice president will be preserved for a long time, even if his complete recovery is not considered a possibility by his physician. He was able to partake of all of his meals at the usual time. Mrs. Hobart felt so encouraged at the improvement that she consented to go for a drive.

### PROGRESS OF THE NEGRO.

**A Favorable Report on Freedmen's Work Made to the Methodist Episcopal Bishops.**

PHILADELPHIA, Nov. 14.—The board of bishops of the Methodist Episcopal church returned from Baltimore and met the general committee of the Freedmen's Aid and Southern Educational society in this city. Bishop W. X. Ninde presided at the morning session. Among other business the report of the board of managers said in part:

"The schools of the Freedmen's Aid and Southern Educational society have been making good citizens; educating negroes to be Christian men and women. They have not made criminals. The criminal negro never comes from the Christian school. There have been more than 200,000 students in these schools and not one of them has ever been lynched or charged with the crime for which negroes are lynched."

### \$30,000 IN DIAMONDS STOLEN.

**Big Robbery in a Jewelry Store in Cleveland.**

CLEVELAND, Nov. 14.—Thirty thousand dollars worth of diamonds were stolen from the store of Sigler Bros. at 354 Euclid avenue. Three men entered the store, which is on the second floor. One of the trio stood at the elevator cage and the other two entered the office of Mr. Sigler. One of the strangers engaged the attention of one of the clerks and the other talked to Mr. Sigler, at whose side was a black box 4x10 inches containing the diamonds.

Mr. Sigler said his attention was detracted for a moment and upon turning to his supposed customer both had fled and the box of jewels was gone.

### Ludlow Went to White House.

WASHINGTON, Nov. 14.—Brigadier General Ludlow, military governor of Havana, who has been spoken of in connection with the civil governorship of Cuba when such an office shall be established, was at the war department and had a long conference with Secretary Root, who afterward went with General Ludlow to the White House.

### Thurston to Marry This Week.

OMAHA, Nov. 14.—Confirmation was made at the Thurston residence in this city of the report that Senator John M. Thurston was to wed Miss Lola Pearman of Washington. The wedding will occur in Washington this week, and the senator and his bride will take a wedding trip before returning to Washington for the session of congress.

### Labor Union and Bicycle Trust.

TOLEDO, Nov. 14.—President Mulholland of the International Bicycle Workers' union has returned from Chicago, where he had a conference with A. G. Spalding of the American Bicycle company. The two are making efforts to establish close relations between the labor union and the so-called bicycle trust.

### Sympathy strike Ordered.

BUFFALO, Nov. 14.—To force a settlement between the men engaged in iron construction work and their employers regarding wages, the Trades and Labor council ordered out all union men working on buildings in this city in which iron is being used. It was said 4,000 men were affected.

Paying a high tribute to the "surprising intelligence and confidence of the American soldier," the officer said:

"Patience and bravery the American soldier has shown in a high degree, but he is not particularly mobile. He

## ACTION ON M'GIFFERT

### His Case Left to General Assembly.

### REFUSED TO QUIT THE CHURCH.

**Of the Essential Points of Faith Submitted by the Committee He Only Announced Unqualified Belief in One. Some Against a Heresy Trial.**

NEW YORK, Nov. 14.—The case of Prof. Arthur C. McGiffert of Union Theological seminary, who is charged with holding views that are at variance with the doctrines of the Presbyterian church, came before the New York presbytery and was referred to the general assembly. A committee was appointed last June to confer with Prof. McGiffert and prevail upon him to withdraw from the church, or at least modify his views. Meetings have been held, which Prof. McGiffert attended, but he steadfastly refused to recede from the stand he had taken on certain church matters saying that he had been misunderstood. The general assembly prepared expressly for Prof. McGiffert's case an outline of the fundamental principles of the church. Those were:

First—That the statements of the Holy Scriptures are absolutely truthful, i. e. free from error when interpreted in their natural and intended sense.

Second—That in Jesus Christ there were two whole, perfect and distinct nature, the Godhead and the manhood being inseparably joined together in one person without conversion or confusion, so that he was in no particular liable to error.

Third—That the Lord's Supper was instituted by the direct and personal act of Jesus Christ to be observed in his church unto the end of the world.

Fourth—That God justifies men by imputing the obedience and satisfaction of Christ to them; they receiving and resting upon him in all his righteousness by faith, which faith they receive as the gift of God.

It is only the last of these statements that Prof. McGiffert accepts as it stands.

The committee to whom the matter was referred was composed of Rev. Dr. Robert F. Sample, chairman; Rev. Dr. John B. Shaw, Rev. Dr. R. R. Booth and Rev. Dr. John C. Bliss, and the following elders: William Magie, Oscar E. Boyd and Titus B. Meigs. Mr. Boyd was the only one of the committee absent at a meeting of the committee held just previous to the meeting of the presbytery.

The report was voluminous. Its essence was that the case should be referred to the general assembly which meets in St. Louis next May. The report was accepted and ordered to be printed for private distribution among the members of the presbytery, and made the order of the day of the December meeting.

At the conclusion of the reading of the report Prof. Francis Brown, Rev. Dr. Howard Agnew Johnson and Rev. Dr. Henry Van Dyke read suggestions, in which it was advised that the controversy over Prof. McGiffert be dropped. Dr. Johnson's paper was heard first, then Prof. Brown's and Dr. Van Dyke's and they were in substance alike. Dr. Van Dyke said that, while a majority did not agree with Prof. McGiffert, the wisdom of a heresy trial was doubtful and might result in harm to the Presbyterian cause. In view of preparations for a series of Presbyterian revivals in this city this fall and winter, the postponement of the discussion of the subject and the reference to the general assembly is thought desirable.

### TO CHANGE PENSION RULINGS.

### G. A. R. Committee Presented to the President the Encampment's Requests.

WASHINGTON, Nov. 14.—The G. A. R. committee on pension legislation presented to the president the report adopted at the encampment asking for a modification of certain pension rules. The committee consisted of R. B. Brown of Zanesville, O., chairman; General A. D. Shaw, commander-in-chief; Major J. W. Burst of Sycamore, Ills.; General Daniel E. Sickles of New York, Charles Clark Adams of Boston and Past Commander-in-Chief John M. Palmer. The report asked the president if he deemed it within his authority so to do to issue an executive order to the effect that in determining the

pensionable status of a soldier and in fixing his rate of pension the several disabilities which he may have sustained shall be grouped and taken into consideration.

The report further asked the president to direct that the practice of refusing pensions to widows of soldiers who have incomes of \$96 a year or more, be discontinued and that the limit of income in such cases shall be raised to \$250 a year.

The committee stated that Commissioner Evans favored these suggestions, but thought the remedy laid with congress. The president assured them that their remarks would have the fullest consideration.

### HOT ON BURGLAR'S TRAIL.

**Deputies Expect to Catch Titusville, Pa., Bandit Today—Wounded May Recover.**

TITUSVILLE, Pa., Nov. 14.—Deputies on the trail of the missing burglar telephoned to Titusville from Tidoute, Forest county, that they were hotly pursuing him and expect to apprehend him in the vicinity of Marienville, where he is believed to be headed.

W. E. Steinmetz and Chief of Police Hanaway of Meadville arrested a half-witted fellow named Freeman, at Utica, Venango county, but he was released and returned home.

Both the wounded officers are doing well and ought to recover.

### Investigated Adulteration of Liquors.

NEW YORK, Nov. 14.—The United States senate committee on manufactures continued its inquiry into the adulteration of ales, porter and beer. On Thursday the commission will receive reports from several professors of Yale and Harvard, who have been invited to submit their views as to the establishment of a standard of purity of all food products. Testimony showed that salicylic acid and other preservatives are used in beer.

### To Develop Limestone Region.

HOLLIDAYSBURG, Pa., Nov. 14.—A force began the construction work on four small branches to the Pennsylvania railroad, about six miles south of this place. The railroad will develop a rich limestone region where extensive quarries will be opened and 400 men given employment. Trains will be running on the new road on Jan. 1. Near the quarries many buildings are being erected for a new town to be known as Walls.

### Abused by Robbers.

UNIONTOWN, Pa., Nov. 14.—The residence of Isaac P. Conn, on the Cheat river, was robbed and Conn and his wife, who are over 60 years of age, with their hired man, John Lixler, were bound and forced to undergo brutal treatment for the two hours that the burglars remained in the house. The raid yielded the burglars about \$110 in cash, a gold watch and some other booty.

### To Expel Indians.

DENVER, Nov. 14.—Game Warden Lee is organizing a posse here to expel from Colorado several hundred Indians who are encamped at the headwaters of Yellow creek, between Piencane and Douglas creeks, and are engaged in killing deer. The settlers are alarmed lest the Indians shall seek to avenge upon them the killing of several Indians by Game Warden Wilcox and a posse two years ago.

### Died of Injuries by Robbers.

BALTIMORE, Nov. 14.—Dr. James M. Morrison, the aged physician who was robbed and beaten by two men at his home on the evening of Nov. 2, died of his injuries. The thieves got nearly \$1,200 in money and valuables. John Schmeltzing, who took Dr. Morrison home from a nearby resort on the evening of the robbery, has been arrested but is out on bail.

### National Tinplate Company Incorporated.

WHEELING, Nov. 14.—The long expected incorporation of the National Tinplate company has taken place. The papers were issued at Charleston. The authorized capital is \$5,000,000. The incorporators are: State Senator N. E. Whitaker and W. H. Rogers of Wheeling, J. C. McDowell, N. E. Fustan, C. A. Dally, A. B. Dally, G. S. Lewis and W. E. Wilson of Pittsburgh.

### Three Children Burned to Death.

SAULT STE. MARIE, Mich., Nov. 14.—A special from Detour, this county, said that the three sons of Mrs. Kate Orr, aged 8, 6, and 5 years, were burned to death in a fire which originated in their home. Their grandmother escaped unharmed.

## CAPITULATION RUMOR

**Report That White and Joubert Conferred.**

### COULDN'T COME TO TERMS.

**Inconveniences of Siege Suffered—Boers Getting High—Boers Damaging Mines by Throwing Shells Into Dynamite at Kimberley—Dashing Sorties.**

LONDON, Nov. 14.—Among the stories from Brussels is one that General Joubert and Sir George White have been endeavoring to negotiate for the capitulation of Ladysmith, but have failed to come to terms.

Estcourt dispatches say that heliograph communication has been established with Ladysmith, but so far no news has been received, the latest date being Nov. 6, which shows that the occupants of Ladysmith had no news of the outside world since General French reached Pietermaritzburg, and that they were puzzled at the inactivity of the Boers. Everyone was confident and cheerful, but all were suffering the inconvenience of the siege, bread selling at 3 shillings per loaf.

Colonel Baden-Powell's dashing sorties at Mafeking encouraged hope.

According to a dispatch from De Aar the Boers at Kimberley have got the exact range of the mines and are constantly throwing shells at the dynamite huts. Several of the latter have been blown up and the damage done to the mines already amounts to many thousand pounds.

LONDON, Nov. 14.—A dispatch from Cape Town to the war office announced the arrival there of the troopship Armenian with three batteries of artillery and an ammunition column and the troopship Nubia with the Scots Guards and half a battalion of the Northamptonshire regiment. This brings the total number of reinforcements to 12,802, of which about 6,000 are already on the way to Durbin. The Armenian and Nubia, whose troops belong to the first division, will probably also be ordered to proceed.

Nine troopships, carrying 11,000 men, are due at Cape Town today (Tuesday.)

It was officially announced that the troopship Armenian left Cape Town yesterday (Monday) afternoon for Durbin and that the troopship Orient has arrived at Cape Town with 47 officers and 1,187 men.

PRETORIA, Nov. 14.—Father Matthews, chaplain of the Irish Fusiliers, who was captured at the battle of Nicolson's Nek, arrived here. He complains that though General Joubert promised he would be permitted to return to the British camp he was taken to Pretoria. The secretary of war released him two days after his arrival and he was permitted to leave. He reports that the prisoners are well cared for.

LORENZO MARQUES, Delagoa Bay, Thursday, Nov. 9.—Father Matthews, who arrived here from Pretoria, said with reference to the surrender of the Irish Fusiliers and the Gloucestershire troops at Nicolson's Nek, that after the mules stampeded, the force got hard pressed by the enemy. They would have held out, however, but some subordinate, without instructions, hoisted a flag of truce on his own responsibility. Nothing then remained but to surrender.

### Testimony on Trust Incorporating.

WASHINGTON, Nov. 14.—C. H. King of Jersey City, before the industrial commission, attributed the popularity of New Jersey as a place for the incorporation of trusts to the fact that the state granted a more liberal charter than do most other states. He thought, however, that under the New Jersey laws not only the stockholders, but the public as well, were amply protected. A. P. Nevin, a New York attorney who represents several corporations originating in West Virginia, said that companies incorporated in that state were not required to keep agents there, nor to have on file anywhere in the state a duplicate list of stockholders.

### Asked Advance In Wages.

CLEVELAND, Nov. 14.—A committee representing all branches of service on the Wheeling and Lake Erie railway called upon President Blieckensdorfer and requested a general advance of 10 per cent in wages. The request was taken under consideration.

His Case Left to General Assembly.

## REFUSED TO QUIT THE CHURCH.

Of the Essential Points of Faith Submitted by the Committee He Only Announced Unqualified Belief in One. Some Against a Heresy Trial.

NEW YORK, Nov. 14.—The case of Prof. Arthur C. McGiffert of Union Theological seminary, who is charged with holding views that are at variance with the doctrines of the Presbyterian church, came before the New York presbytery and was referred to the general assembly. A committee was appointed last June to confer with Prof. McGiffert and prevail upon him to withdraw from the church, or at least modify his views. Meetings have been held, which Prof. McGiffert attended, but he steadfastly refused to recede from the stand he had taken on certain church matters, saying that he had been misunderstood. The general assembly prepared expressly for Prof. McGiffert's case an outline of the fundamental principles of the church. Those were:

First—That the statements of the Holy Scriptures are absolutely truthful, i. e. free from error when interpreted in their natural and intended sense.

Second—That in Jesus Christ there were two whole, perfect and distinct nature, the Godhead and the manhood being inseparably joined together in one person without conversion or confusion, so that he was in no particular liability to error.

Third—That the Lord's Supper was instituted by the direct and personal act of Jesus Christ to be observed in his church unto the end of the world.

Fourth—That God justified men by imputing the obedience and satisfaction of Christ to them; they receiving and resting upon him in all his righteousness by faith, which faith they receive as the gift of God.

It is only the last of these statements that Prof. McGiffert accepts as it stands.

The committee to whom the matter was referred was composed of Rev. Dr. Robert F. Sample, chairman; Rev. Dr. John B. Shaw, Rev. Dr. R. R. Booth and Rev. Dr. John C. Bliss, and the following elders: William Magic, Oscar E. Boyd and Titus B. Meigs. In view of preparations for a series of Presbyterian revivals in this city this fall and winter, the postponement of the discussion of the subject and the reference to the general assembly is thought desirable.

## TO CHANGE PENSION RULINGS.

G. A. R. Committee Presented to the President the Encampment's Requests.

WASHINGTON, Nov. 14.—The G. A. R. committee on pension legislation presented to the president the report adopted at the encampment asking for a modification of certain pension rules. The committee consisted of R. B. Brown of Zanesville, O., chairman; General A. D. Shaw, commander-in-chief; Major J. W. Burst of Sycamore, Ills.; General Daniel E. Sickles of New York, Charles Clark Adams of Boston and Past Commander-in-Chief John M. Palmer. The report asked the president if he deemed it within his authority so to do to issue an executive order to the effect that in determining the

## CAPITULATION RUMOR

Report That White and Joubert Conferred.

## COULDN'T COME TO TERMS.

Inconveniences of Siege Suffered—Bread Getting High—Boers Damaging Mines by Throwing Shells into Dynamite at Kimberley—Dashing Sorties.

LONDON, Nov. 14.—Among the stories from Brussels is one that General Joubert and Sir George White have been endeavoring to negotiate for the capitulation of Ladysmith, but have failed to come to terms.

Estcourt dispatches say that heliograph communication has been established with Ladysmith, but so far no news has been received, the latest date being Nov. 6, which shows that the occupants of Ladysmith had no news of the outside world since General French reached Pietermaritzburg, and that they were puzzled at the inactivity of the Boers. Everyone was confident and cheerful, but all were suffering the inconvenience of the siege, bread selling at 3 shillings per loaf.

Colonel Laden-Fowell's dashing sorties at Mafeking encouraged hope.

According to a dispatch from De Aar the Boers at Kimberley have got the exact range of the mines and are constantly throwing shells at the dynamite huts. Several of the latter have been blown up and the damage done to the mines already amounts to many thousand pounds.

LONDON, Nov. 14.—A dispatch from Cape Town to the war office announced the arrival there of the troopship Armenian with three batteries of artillery and an ammunition column and the troopship Nubia with the Scots Guards and half a battalion of the Northamptonshire regiment. This brings the total number of reinforcements to 12,802, of which about 6,000 are already on the way to Durbin. The Armenian and Nubia, whose troops belong to the first division, will probably also be ordered to proceed.

Nine troopships, carrying 11,000 men, are due at Cape Town today (Tuesday.)

It was officially announced that the troopship Armenian left Cape Town yesterday (Monday) afternoon for Durbin and that the troopship Orient has arrived at Cape Town with 47 officers and 1,187 men.

PRETORIA, Nov. 14.—Father Matthews, chaplain of the Irish Fusiliers, who was captured at the battle of Nickolsons Nek, arrived here. He complains that though General Joubert promised he would be permitted to return to the British camp he was taken to Pretoria. The secretary of war released him two days after his arrival and he was permitted to leave. He reports that the prisoners are well cared for.

LORENZO MARQUES, Delagoa Bay, Thursday, Nov. 9.—Father Matthews, who arrived here from Pretoria, said with reference to the surrender of the Irish Fusiliers and the Gloucestershire troops at Nickolsons Nek, that after the mules stampeded, the force got hard pressed by the enemy. They would have held out, however, but some subordinate, without instructions, hoisted a flag of truce on his own responsibility. Nothing then remained but to surrender.

## Testimony on Trust Incorporating.

WASHINGTON, Nov. 14.—O. H. King of Jersey City, before the industrial commission, attributed the popularity of New Jersey as a place for the incorporation of trusts to the fact that the state granted a more liberal charter than do most other states. He thought, however, that under the New Jersey laws not only the stockholders, but the public as well, were amply protected. A. P. Nevin, a New York attorney who represents several corporations originating in West Virginia, said that companies incorporated in that state were not required to keep agents there, nor to have on file anywhere in the state a duplicate list of stockholders.

## U.S. CRUISER WRECKED

Charleston Went on Reef Off  
Luzon Coast.

## ALL ON BOARD WERE SAVED.

Aguinaldo and His Army Reported Practically Surrounded—His Secretary Captured—Some Supplies of Rebels Also Taken—Great Work by Our Troops.

MANILA, Nov. 14.—(12:20 p. m.)—The United States cruiser Charleston, which had been patrolling the northern coast of Luzon, was wrecked on a reef off the northwest coast on Tuesday, November 7.

All on board were saved.

MANILA, Nov. 14.—The correspondent of The Associated Press with General Young telegraphs from San Jose that Aguinaldo did not escape to the northeast. He and his army, the correspondent added, was surrounded. His last orders to the Filipino commander at San Jose were to hold San Jose and Carranglan at all cost.

WASHINGTON, Nov. 14.—The following dispatch from General Otis was received at the war department:

MANILA, Nov. 13.—MacArthur's advance, thirty-six volunteers and cavalry troop under Bell, entered Tarlac 7:30 p. m. yesterday. Enemy fled. By great labor MacArthur succeeded in getting forward to Capas yesterday all artillery and quartermaster's transportation and will have command in Tarlac today, his advance pushing forward to save as much of a road as possible, which enemy trying to destroy on retreat. Many deserters from enemy who passed into MacArthur some 30 rifles yesterday. Insurgents in that section reported to be short of provisions.

Lawton pushing forward with great energy, his advance obliged to leave behind all transportation and depend to great extent upon country for subsistence. Hayes, Fourth cavalry, in vicinity of Carranglan, has captured large amount of insurgent property and nearly half battalion of 400 bolomen transporting Aguinaldo's property north over mountains, together with his private secretary and seven officers. Young, with Third cavalry and Baton's Macabebe scouts followed by balance battalion Twenty-second infantry, leaving behind all transportation, pushed out on San Jose Lupan, San Quentin and Mayug road and scattered enemy stationed at these points, most of whom were driven southwestward.

Wessels with squadron of Third cavalry hastened forward to Mayug, where insurgents' supply depot was captured, securing several hundred thousand pounds of rice, 3,500 pounds flour, 7,500 pounds salt and other provisions, 1,300 uniform coats, new, many blankets and other articles of clothing, also number of insurgent officers and 69 Spanish and 2 American prisoners. Detachments sent north to San Nicholas, and it is believed that Young established communication with Wheaton's troops last evening. Indications are that insurgents will not escape to mountains capital at Bayonbong without great difficulty and loss, if at all.

Our troops at Tarlac, Ariaga, Talavera, San Jose Lupan, Humingan, San Quentin, Tayug, San Nicholas on through to Lingayen gulf, with strong station at Arayat, San Isidro, Cabanatuan should cause insurgents some annoyance. Our troops have suffered great hardships and have performed most severe service, but are reported in excellent condition and spirits. The enterprise and indomitable will displayed by officers never exceeded. OTIS.

## RAISED AMERICAN SOLDIERS

A British Officer Spoke of Their Bravery and Intelligence.

LONDON, Nov. 14.—A British naval officer who has just returned from a town in the Philippines was interviewed regarding the situation there, of which he takes a somewhat pessimistic view. According to the published interview, he thought that more river gunboats were needed and that General Otis was trying to run the campaign too economically.

Paying a high tribute to the "surprising intelligence and confidence of the American soldier," the officer said:

"Patience and bravery the American soldier has shown in a high degree, but he is not particularly mobile. He

would be more emaciated if instead of being collected in comparatively enormous numbers he were used in smaller forces, moving more rapidly and living in the country instead of requiring vast quantities of potted luxuries.

"Moreover, he looks tired and as if he wanted something to do. Except for an occasional game of base ball there is nothing for him to do but to drink. Now, if he were a British soldier he would be diverted by all sorts of sports."

## HOBART MAY BE SPARED.

Wife and Family Believe Life Will Be Preserved For a Long Time. Eating Regularly.

PATERSON, N. J., Nov. 14.—Improvement in the condition of Vice President Hobart continues, and Mrs. Hobart and other members of the family felt confident that the life of the vice president will be preserved for a long time, even if his complete recovery is not considered a possibility by his physician. He was able to partake of all of his meals at the usual time. Mrs. Hobart felt so encouraged at the improvement that she consented to go for a drive.

## PROGRESS OF THE NEGRO.

A Favorable Report on Freedmen's Work Made to the Methodist Episcopal Bishops.

PHILADELPHIA, Nov. 14.—The board of bishops of the Methodist Episcopal church returned from Baltimore and met the general committee of the Freedmen's Aid and Southern Educational society in this city. Bishop W. X. Ninde presided at the morning session. Among other business the report of the board of managers said in part:

"The schools of the Freedmen's Aid and Southern Educational society have been making good citizens; educating negroes to be Christian men and women. They have not made criminals. The criminal negro never comes from the Christian school. There have been more than 200,000 students in these schools and not one of them has ever been lynched or charged with the crime for which negroes are lynched."

## \$30,000 IN DIAMONDS STOLEN.

Big Robbery in a Jewelry Store in Cleveland.

CLEVELAND, Nov. 14.—Thirty thousand dollars worth of diamonds were stolen from the store of Sigler Bros. at 354 Euclid avenue. Three men entered the store, which is on the second floor. One of the trio stood at the elevator cage and the other two entered the office of Mr. Sigler. One of the strangers engaged the attention of one of the clerks and the other talked to Mr. Sigler, at whose side was a black box 4x10 inches containing the diamonds.

Mr. Sigler said his attention was detracted for a moment and upon turning to his supposed customer both had fled and the box of jewels was gone.

## Ludlow Went to White House.

WASHINGTON, Nov. 14.—Brigadier General Ludlow, military governor of Havana, who has been spoken of in connection with the civil governorship of Cuba when such an office shall be established, was at the war department and had a long conference with Secretary Root, who afterward went with General Ludlow to the White House.

## Thurston to Marry This Week.

OMAHA, Nov. 14.—Confirmation was made at the Thurston residence in this city of the report that Senator John M. Thurston was to wed Miss Lola Pearman of Washington. The wedding will occur in Washington this week, and the senator and his bride will take a wedding trip before returning to Washington for the session of congress.

## Labor Union and Bicycle Trust.

TOLEDO, Nov. 14.—President Mulholland of the International Bicycle Workers' union has returned from Chicago, where he had a conference with A. G. Spalding of the American Bicycle company. The two are making efforts to establish close relations between the labor union and the so-called bicycle trust.

## Sympathy strike ordered.

BUFFALO, Nov. 14.—To force a settlement between the men engaged in iron construction work and their employees regarding wages, the Trades and Labor council ordered out all union men working on buildings in this city in which iron is being used. It was said 4,000 men were affected.

## ACTION ON M'GIFFERT

### His Case Left to General Assembly.

### REFUSED TO QUIT THE CHURCH.

If the Essential Points of Faith Submitted by the Committee He Only Announced Unqualified Belief In One. Some Against a Heresy Trial.

NEW YORK, Nov. 14.—The case of Prof. Arthur C. McGiffert of Union Theological seminary, who is charged with holding views that are at variance with the doctrines of the Presbyterian church, came before the New York presbytery and was referred to the general assembly. A committee was appointed last June to confer with Prof. McGiffert and prevail upon him to withdraw from the church, or at least modify his views. Meetings have been held, which Prof. McGiffert attended, but he steadfastly refused to recede from the stand he had taken on certain church matters, saying that he had been misunderstood. The general assembly prepared expressly for Prof. McGiffert's case an outline of the fundamental principles of the church. Those were:

First—That the statements of the Holy Scriptures are absolutely truthful, i. e. free from error when interpreted in their natural and intended sense.

Second—That in Jesus Christ there were two whole, perfect and distinct nature, the Godhead and the manhood being inseparably joined together in one person without conversion or confusion, so that he was in no particular liable to error.

Third—That the Lord's Supper was instituted by the direct and personal act of Jesus Christ to be observed in his church unto the end of the world.

Fourth—That God justified men by imputing the obedience and satisfaction of Christ to them; they receiving and resting upon him in all his righteousness by faith, which faith they receive as the gift of God.

It is only the last of these statements that Prof. McGiffert accepts as it stands.

The committee to whom the matter was referred was composed of Rev. Dr. Robert F. Sample, chairman; Rev. Dr. John B. Shaw, Rev. Dr. R. R. Booth and Rev. Dr. John C. Bliss, and the following elders: William Magie, Oscar E. Boyd and Titus B. Meigs. Mr. Boyd was the only one of the committee absent at a meeting of the committee held just previous to the meeting of the presbytery.

The report was voluminous. Its essence was that the case should be referred to the general assembly which meets in St. Louis next May. The report was accepted and ordered to be printed for private distribution among the members of the presbytery, and made the order of the day of the December meeting.

At the conclusion of the reading of the report Prof. Francis Brown, Rev. Dr. Howard Agnew Johnson and Rev. Dr. Henry Van Dyke read suggestions, in which it was advised that the controversy over Prof. McGiffert be dropped. Dr. Johnson's paper was heard first, then Prof. Brown's and Dr. Van Dyke's and they were in substance alike. Dr. Van Dyke said that, while a majority did not agree with Prof. McGiffert, the wisdom of a heresy trial was doubtful and might result in harm to the Presbyterian cause. In view of preparations for a series of Presbyterian revivals in this city this fall and winter, the postponement of the discussion of the subject and the reference to the general assembly is thought desirable.

## TO CHANGE PENSION RULINGS.

### G. A. R. Committee Presented to the President the Encampment's Requests.

WASHINGTON, Nov. 14.—The G. A. R. committee on pension legislation presented to the president the report adopted at the encampment asking for a modification of certain pension rules. The committee consisted of R. B. Brown of Zanesville, O., chairman; General A. D. Shaw, commander-in-chief; Major J. W. Burst of Sycamore, Ills.; General Daniel E. Sickles of New York, Charles Clark Adams of Boston and Past Commander-in-Chief John M. Palmer. The report asked the president if he deemed it within his authority so to do to issue an executive order to the effect that in determining the

pensionable status of a soldier and in fixing his rate of pension the several disabilities which he may have sustained shall be grouped and taken into consideration.

The report further asked the president to direct that the practice of refusing pensions to widows of soldiers who have incomes of \$96 a year or more, be discontinued and that the limit of income in such cases shall be raised to \$250 a year.

The committee stated that Commissioner Evans favored these suggestions, but thought the remedy laid with congress. The president assured them that their remarks would have the fullest consideration.

## HOT ON BURGLARS TRAIL.

Deputies Expect to Catch Titusville, Pa., Bandit Today—Wounded May Recover.

TITUSVILLE, Pa., Nov. 14.—Deputies on the trail of the missing burglar telephoned to Titusville from Tidioute, Forest county, that they were hotly pursuing him and expect to apprehend him in the vicinity of Marienville, where he is believed to be headed.

W. E. Steinmetz and Chief of Police Hinaway of Meadville arrested a half-witted fellow named Freeman, at Utica, Venango county, but he was released and returned home.

Both the wounded officers are doing well and ought to recover.

## Investigated Adulteration of Liquors.

NEW YORK, Nov. 14.—The United States senate committee on manufactures continued its inquiry into the adulteration of ales, porter and beer.

On Thursday the commission will receive reports from several professors of Yale and Harvard, who have been invited to submit their views as to the establishment of a standard of purity of all food products. Testimony showed that salicylic acid and other preservatives are used in beer.

## To Develop Limestone Region.

HOLLIDAYSBURG, Pa., Nov. 14.—A force began the construction work on four small branches to the Pennsylvania railroad, about six miles south of this place. The railroad will develop a rich limestone region where extensive quarries will be opened and 400 men given employment. Trains will be running on the new road on Jan. 1. Near the quarries many buildings are being erected for a new town to be known as Walls.

## Abused by Robbers.

UNIONTOWN, Pa., Nov. 14.—The residence of Isaac P. Conn, on the Cheat river, was robbed and Conn and his wife, who are over 60 years of age, with their hired man, John Paxler, were bound and forced to undergo brutal treatment for the two hours that the burglars remained in the house. The raid yielded the burglars about \$110 in cash, a gold watch and some other booty.

## To Expel Indians.

DENVER, Nov. 14.—Game Warden Lee is organizing a posse here to expel from Colorado several hundred Indians who are encamped at the headwaters of Yellow creek, between Piencane and Douglas creeks, and are engaged in killing deer. The settlers are alarmed lest the Indians shall seek to avenge upon them the killing of several Indians by mules stampeded, the force got hard pressed by the enemy. They would have held out, however, but some subordinate, without instructions, hoisted a flag of truce on his own responsibility. Nothing then remained but to surrender.

# THE EAST END.

## CITY NOW OWNS THOMPSON PARK

Council Formally Accepts Professor Thompson's Offer

WITH RESOLUTION OF THANKS

Sunday School Officials of the Second Presbyterian Church Will Meet—Many East Enders Are Sick—A Little Boy Had Several Fingers Caught in a Wringer.

Council held a special session last night after the adjournment of the meeting of Claims committee and accepted the gift of Thompson park to the city by Prof. W. L. Thompson.

The special meeting was necessitated by Professor Thompson desiring to have the matter disposed of before he and his family left to spend the winter in California. President Peach, Cain, Smith, Seckerson, Marshall and McHenry were present.

Professor Thompson had the deed for the park with him. He suggested a park commission be named by council to take hold of the matter, and stipulated that no street railway franchise be granted to the park entrance unless at a five-cent fare. A ten-cent fare would prevent his wish to have the park made a popular institution. He did not wish the city to accept the park and let it grow up in briars and had inserted in the deed a condition that the city should appropriate \$600 a year to keep it in order.

Clerk Hanley read the deed conveying to the city the 100 acres, "in trust for the free use and enjoyment of the people of said city and vicinity, for the purpose of a public park, to be known as 'Thompson Park,' and to be used or appropriated for no other purpose, but to be free to the public of said city and vicinity forever"—and in addition, conveying also the 80-foot boulevard from the Calcutta road to the park entrance. The deed was signed by William L. Thompson and Elizabeth J. Thompson.

Professor Thompson said he had arranged to build an entrance at the western or Calcutta road entrance. This will be stone or granite and will cost probably \$3,000.

President Peach said the city had an extraordinarily liberal offer. The average citizen tried to mulct the city for damages, but Professor Thompson, public spiritedly, donated a park and began the improvement.

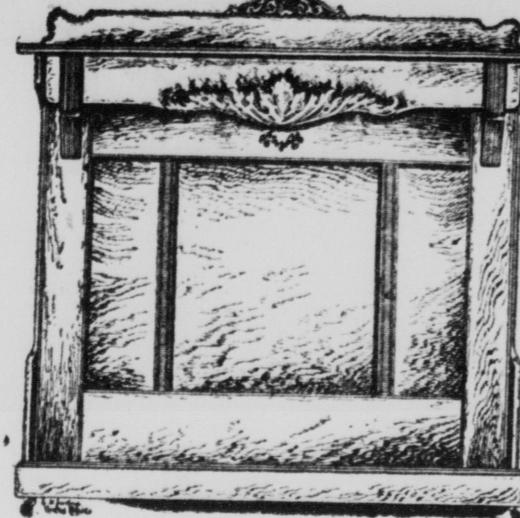

Mr. McHenry moved the offer be accepted with a resolution of thanks, which carried with enthusiastic unanimity. The deed will be formally accepted tonight to make the matter regular.

The route of the boulevard from the park to the East End will also be discussed at tonight's regular meeting. Two routes are suggested—one to come out on Pennsylvania avenue at the old street railway loop, opposite the T. F. Anderson residence; the other to follow the edge of the woodland on east as far as Columbian park.

### DIDN'T LIKE THE PRICE

#### Claims Committee Objected to Teamsters' Bills.

#### FIFTY CENTS A DAY TOO HIGH

A Batch of Them Were Turned Down and the Matter Will Be Discussed This Evening—A Large Number of Claims Were Ordered Paid.

All members of claims committee were present at the session held last evening. When the bill of teamsters was reached McHenry at once raised a kick on paying them \$4.50 per day when private parties hired teams for \$4. He thought the city should get teams as cheap as anybody and Mr. Marshall remarked that the contractors didn't lose anything by the teamsters' advance in wages.

#### Didn't Pay Some Bills.

It was decided to lay over all the teamsters' bills and as a result the following were turned down: James McMillan, \$19.65; Standard livery, \$56.93; John Rinehart, \$9; Jutte company, 80c; James Rayl, \$4.50; William Surles, \$49.50; John Milliron, \$66.37. The light bill of \$606.83 went over because there

was no report in regard to the number of lights out during the month. A claim of \$307.50 from the ice company for putting in the Tanyard run sewer was turned down because they charged \$10.25 a foot.

#### The Bills Ordered Paid.

The following bills were ordered paid: J. N. Hanley, \$80.75; labor on sewers, \$354.52; James McMillan, \$2.25; John Minto, \$1.05; J. H. Harris, \$75; salaries of fire department, \$540; sundries, \$87.67; Crisis, \$29; M. J. Drummond & Co., \$655.93; Wolfe, Walker & Co., \$20; Betz & Orr, 7.00; Boston Store, 2.36; Diamond Hardware company, 1.88; Thomas Lloyd, 8.42; Police department, 449.85; Board of Health, 200; East Liverpool Spring Water company, 2.75; S. T. Herbert, \$75; W. H. Adams, \$6.52; A. J. Johnson, \$35; Ruggles, Gale company, \$32.60; G. M. Adam, \$8.25; Sarah Haught, \$15; J. J. Rose, 60 cents; Sears & Hinton, \$125.52; engineering department, \$49.83; J. A. George and assistant, \$181.25; Thomas McLaughlin, \$20.43; Patterson Foundry company, \$26.19; ice, \$1.64; Robert Finley, \$50; J. F. McCullough, \$2.50; East End street department, \$4; John Kane, \$82.25; M. W. Elliott, \$1.40; Standard livery, \$82.76; Ohio Valley Gas company, \$19.20; Union Planing company, \$2.88; J. R. Shawke, \$13.50; J. M. Ryan, \$100.02; John Lyth, \$117.68; Robert Hall, \$35.60; N. U. Walker, \$11.51; Eagle Hardware company, \$86.07.

## CITY NOW OWNS THOMPSON PARK

Council Formally Accepts Professor Thompson's Offer

WITH RESOLUTION OF THANKS

Sunday School Officials of the Second Presbyterian Church Will Meet—Many East Enders Are Sick—A Little Boy Had Several Fingers Caught In a Wringer.

Council held a special session last night after the adjournment of the meeting of Claims committee and accepted the gift of Thompson park to the city by Prof. W. L. Thompson.

The special meeting was necessitated by Professor Thompson desiring to have the matter disposed of before he and his family left to spend the winter in California. President Peach, Cain, Smith, Seckerson, Marshall and McHenry were present.

Professor Thompson had the deed for the park with him. He suggested a park commission be named by council to take hold of the matter, and stipulated that no street railway franchise be granted to the park entrance unless at a five-cent fare. A ten-cent fare would prevent his wish to have the park made a popular institution. He did not wish the city to accept the park and let it grow up in briars and had inserted in the deed a condition that the city should appropriate \$600 a year to keep it in order.

Clerk Hanley read the deed conveying to the city the 100 acres, "in trust for the free use and enjoyment of the people of said city and vicinity, for the purpose of a public park, to be known as 'Thompson Park,' and to be used or appropriated for no other purpose, but to be free to the public of said city and vicinity forever"—and in addition, conveying also the 80-foot boulevard from the Calcutta road to the park entrance. The deed was signed by William L. Thompson and Elizabeth J. Thompson.

Professor Thompson said he had arranged to build an entrance at the western or Calcutta road entrance. This will be stone or granite and will cost probably \$8,000.

President Peach said the city had an extraordinarily liberal offer. The average citizen tried to mulct the city for damages, but Professor Thompson, public spiritedly, donated a park and began the improvement.

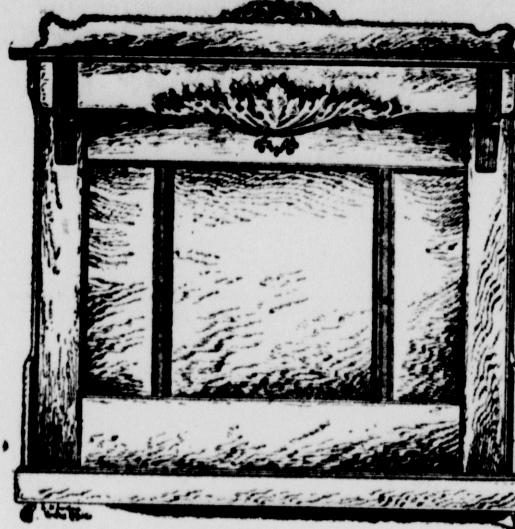

Mr. McHenry moved the offer be accepted with a resolution of thanks, which carried with enthusiastic unanimity. The deed will be formally accepted tonight to make the matter regular.

The route of the boulevard from the park to the East End will also be discussed at tonight's regular meeting. Two routes are suggested—one to come out on Pennsylvania avenue at the old street railway loop, opposite the T. F. Anderson residence; the other to follow the edge of the woodland on east as far as Columbian park.

#### Claims Committee Objected to Teamsters' Bills.

#### FIFTY CENTS A DAY TOO HIGH

A Batch of Them Were Turned Down and the Matter Will Be Discussed This Evening—A Large Number of Claims Were Ordered Paid.

All members of claims committee were present at the session held last evening. When the bill of teamsters was reached McHenry at once raised a kick on paying them \$4.50 per day when private parties hired teams for \$4. He thought the city should get teams as cheap as anybody and Mr. Marshall remarked that the contractors didn't lose anything by the teamsters' advance in wages.

#### Didn't Pay Some Bills.

It was decided to lay over all the teamsters' bills and as a result the following were turned down: James McMillan, \$19.65; Standard livery, \$56.93; John Rinehart, \$9; Jutte company, 80c; James Rayl, \$4.50; William Surles, \$49.50; John Milliron, \$66.87. The light bill of \$606.83 went over because there was no report in regard to the number of lights out during the month. A claim of \$307.50 from the ice company for putting in the Tanyard run sewer was turned down because they charged \$10.25 a foot.

#### The Bills Ordered Paid.

The following bills were ordered paid: J. N. Hanley, \$80.75; labor on sewers, \$354.52; James McMillan, \$2.25; John Minto, \$1.05; J. H. Harris, \$75; salaries of fire department, \$540; sundries, \$87.67; Crisis, \$29; M. J. ## SOUTH SIDE.

### WILL START NEXT YEAR

To Build the Cumberland Branch to Pittsburg.

#### A BIG BONUS WAS OFFERED

For a factory on the Lloyd Farm, but was Turned Down on Account of Lack of Shipping Facilities—Negotiations to be Resumed—News of Chester.

S. J. Cripps this morning stated that within the last week he had been told by several prominent railroad officials that the Cumberland branch of the Pennsylvania railroad company would be built to Pittsburg, and work on the extension from the Marks farm would be commenced next year.

It will be remembered that early this year, before work on the present extension was commenced, Engineer McConnell surveyed a route from Chester to Monaca. He is now working on a line to McKee's Rocks from the Ohio connecting bridge. The Pressed Steel Car company at McKee's Rocks are building a short line of their own and over these tracks it is intended to run the Panhandle trains.

### LACK OF FACILITIES.

One Factory Turns Down an Offer of Several Acres and a Large Bonus.

The company whose intention it is to purchase the Lloyd tract opposite Jethro is being organized, and by the last of the week their plans will be perfected. This morning local parties who are interested went to Pittsburg, where they held conferences with the present owners of the land. They also talked to parties who are after desirable locations. One of the gentlemen stated this morning that a concern they had been after had practically decided not to locate on the farm although several acres and a bonus of \$18,000 had been offered. This, the men claim, is due to there being no shipping facilities. A letter has been written the railroad company, and if work on the extension to Pittsburg is rushed, it may be possible the factory can be secured after all.

### PRICES ADVANCING.

Cumberland Real Estate is Climbing Higher Every Day.

L. O. Smith, of Cumberland, spent several hours in Chester yesterday afternoon, and in speaking of Cumberland stated that the price of real estate in that town had advanced 30 per cent., within the last 60 days, and is still going up. Of Chester Mr. Smith predicted a bright future and a population of over 1,500 people by next year.

#### A BIG ORDER.

What It Will Require to Remodel the County Road Bridge.

The work of remodeling the county road bridge over the railroad at First street will be commenced early next week. The order for the lumber has been placed and it is said over 21,000 feet of lumber will be required to complete the job. The bridge at Third street over which the street cars will pass will be changed. It has been found it is too low and will have to be raised four feet.

Bricklayers Quit Work. Yesterday five bricklayers at the

Chester rolling mill quit work. The brick work about the mill is fast nearing completion, and it will be only a few weeks until all the brick work is finished.

#### Court Adjourned.

W. A. Riley, of Chester, who is serving on the jury at Cumberland, returned home last night. One case was tried yesterday and court adjourned yesterday afternoon to meet Wednesday morning.

#### More Pipe Being Distributed.

This morning six cars of 10-inch pipe arrived in the Liverpool freight yards for the Ohio Valley Gas company. They are now being distributed throughout Hancock county.

#### Going to Canada.

Henry Greek, of Chester, is making arrangements to take a hunting trip through Canada. He expects to leave next week.

#### His Goods Arrived.

The household effects of C. Arner, of New Kensington, Pa., were delivered in Chester today.

#### Mechanics' Meeting.

The Junior Mechanics met last evening and acted upon two applications.

#### Personals.

Engineer Bennett, of the rolling mill, returned yesterday from Pittsburg.

### TREASURER'S REPORT.

The City as Usual Hasn't Any More Money on Hand Than It Needs.

The report of City Treasurer Herbert for the month shows the balances as follows: General, \$22,429.76; wharf, \$41.02; police, \$1,621.28; light, \$2,158.90; sinking, \$14,314.15; bridge, \$399.85. The funds overdrawn are as follows: Street, \$13,654.41; fire, \$2,879.57; interest, \$4,284.47; sanitary, \$250.60. The cause for the overdrafts in the interest fund is that the city has paid \$7,000 interest on water works bonds for which there was no provision made. The new garbage furnace is what caused the overdraft in the sanitary fund.

#### HANDSOME MEDAL.

Commemorative of the Union Ex-Prisoners of War Encampment of 1899.

A. H. Jones, adjutant of the Allegheny county association of union ex-prisoners of war, yesterday forwarded a handsome bronze medal to Captain Harry Palmer with "the compliments of the association" in commemoration of the thirty-third national encampment at Philadelphia last September, at which Captain Palmer represented the Allegheny county association.

The badge is a very handsome one, made of metal from Confederate canon. The pendant has representations of Independence hall, Liberty bell and the seal of Philadelphia. The badge is suspended from it by a pale blue and old gold silk ribbon bearing the gold inscription, "National Association of Union Ex-Prisoners of War." The medallion has a silver circle, with a gold square bearing the motto, "Death before dishonor," and the picture of a bloodhound springing upon a falling man. The circle of the medallion contains the lettering, "Thirty-third National encampment, Philadelphia." The badge was struck by the Philadelphians in honor of the event and the ex-prisoners say the reception given them by the City of Brotherly Love was one of the best they have had in the 33 years of their history.

#### Reduced Rates.

For the accommodation of persons wishing to make Thanksgiving Day trips, excursion tickets will be sold at any ticket station of the Pennsylvania lines to stations on those lines within a radius of 150 miles of selling point. Tickets will be on sale November 29 and 30, good returning until December 1, inclusive. For rates, time of trains, etc., apply to nearest ticket agent of the Pennsylvania lines.

### AUTOCARS IN SHANGHAI.

#### Demand For American Motor Vehicles In Far Cathay.

In reply to inquiries from a Chicago firm Consul General Goodnow writes from Shanghai:

"This is an ideal place for motor vehicles. The town, built on alluvial deposit in the mouth of the Yang-tse river, is level. The roads are macadamized, and the climate is such, especially in the summer, that everybody drives. The horses are small, about the size and character of our Indian ponies. The foreigners are comparatively few (say 5,000 men, women and children), but there are nearly 500,000 Chinese in the settlements, and these take very kindly to our mechanical inventions as soon as they see them. Shanghai also is the distributing point for central and northern China. The merchants from the other treaty ports come here to buy their goods. Arrangements should be made to show vehicles and to make a practical, everyday demonstration of their ease of management and durability.

"The Chinese will not buy goods without having seen them. The average Chinese has seen so few new things that it is not easy for him to exert his imagination. Foreigners here are also slow to buy motor vehicles. The prices are considered high, and many think of the vehicles as experimental play things. Neither the foreigners nor the Chinese can be induced to buy by descriptions or catalogues. There have been one or two auto motors shown here, but they were of an inferior type and manifestly unfit for either use or pleasure.

"This is the time to push this trade in Shanghai, as there are no street railways here, and the city is growing so rapidly that need is felt for more rapid transit.

"There are two ways to advertise these new vehicles. One is to send a machine to some person well known here, who will use it constantly, demonstrating the fact that it can be used by an amateur for pleasure at a cheap running cost. I am inclined to think myself that this would be the better plan. It must be remembered that the cost of transportation in Shanghai differs from that in Chicago. Here a carriage with two horses, driver and footman can be hired for \$75 Mexican (say \$36 gold) per month, or if one owns ponies they can be fed for \$6 Mexican each per month, and the driver and footman can be hired for \$17 Mexican (for the two) per month. It would be necessary, under this plan, to practically give the use of a vehicle to some well known person who would use the same constantly and keep it in repair. It may be possible that a like result would be reached by placing the vehicles on exhibition with one of the above named firms, but if it is desired to get a part of the Chinese trade—which is immense and is thoroughly interested in American mechanical inventions—I would strongly urge that one or more machines be shown on the streets here in such a manner that the Chinese will know that they are used by Americans of a position that will guarantee their desirability as vehicles of use, pleasure and fashion."

#### Broncho Bill's Religion.

In Colonel W. F. Cody's theatrical troupe during his first year on the stage there was an eccentric westerner by the name of "Broncho Bill." There were also several Indians in the troupe whose moral welfare was the special object of an old missionary who frequently came to see them. Thinking that "Broncho Bill" would bear a little looking after also the good man secured a seat by his side at the dinner table and remarked pleasantly:

"This is 'Mr. Broncho Bill,' is it not?"

"Yaas."

"Where were you born?"

"Near Kit Bullard's mill, on Big Pigeon."

"Religious parents, I suppose?"

"Yaas."

"What is your denomination?"

"My what?"

"Your denomination?"

"Oh—ah—yaas. Smith & Wesson."

### WILL START NEXT YEAR

To Build the Cumberland Branch to Pittsburg.

#### A BIG BONUS WAS OFFERED

For a factory on the Lloyd Farm, but was turned down on account of lack of shipping facilities—negotiations to be resumed—News of Chester.

S. J. Cripps this morning stated that within the last week he had been told by several prominent railroad officials that the Cumberland branch of the Pennsylvania railroad company would be built to Pittsburg, and work on the extension from the Marks farm would be commenced next year.

It will be remembered that early this year, before work on the present extension was commenced, Engineer McConnell surveyed a route from Chester to Monaca. He is now working on a line to McKee's Rocks from the Ohio connecting bridge. The Pressed Steel Car company at McKee's Rocks are building a short line of their own and over these tracks it is intended to run the Panhandle trains.

#### LACK OF FACILITIES.

One Factory Turns Down an Offer of Several Acres and a Large Bonus.

The company whose intention it is to purchase the Lloyd tract opposite Jethro is being organized, and by the last of the week their plans will be perfected. This morning local parties who are interested went to Pittsburg, where they held conferences with the present owners of the land. They also talked to parties who are after desirable locations. One of the gentlemen stated this morning that a concern they had been after had practically decided not to locate on the farm although several acres and a bonus of \$18,000 had been offered. This, the men claim, is due to there being no shipping facilities. A letter has been written the railroad company, and if work on the extension to Pittsburg is rushed, it may be possible the factory can be secured after all.

#### PRICES ADVANCING.

Cumberland Real Estate is Climbing Higher Every Day.

L. O. Smith, of Cumberland, spent several hours in Chester yesterday afternoon, and in speaking of Cumberland stated that the price of real estate in that town had advanced 30 per cent., within the last 60 days, and is still going up. Of Chester Mr. Smith predicted a bright future and a population of over 1,500 people by next year.

#### A BIG ORDER.

What It Will Require to Remodel the County Road Bridge.

The work of remodeling the county road bridge over the railroad at First street will be commenced early next week. The order for the lumber has been placed and it is said over 21,000 feet of lumber will be required to complete the job. The bridge at Third street over which the street cars will pass will be changed. It has been found it is too low and will have to be raised four feet.

Bricklayers Quit Work. Yesterday five bricklayers at the

Chester rolling mill quit work. The brick work about the mill is fast nearing completion, and it will be only a few weeks until all the brick work is finished.

#### Court Adjourned.

W. A. Riley, of Chester, who is serving on the jury at Cumberland, returned home last night. One case was tried yesterday and court adjourned yesterday afternoon to meet Wednesday morning.

#### More Pipe Being Distributed.

This morning six cars of 10-inch pipe arrived in the Liverpool freight yards for the Ohio Valley Gas company. They are now being distributed throughout Hancock county.

#### Going to Canada.

Henry Greek, of Chester, is making arrangements to take a hunting trip through Canada. He expects to leave next week.

#### His Goods Arrived.

The household effects of C. Arner, of New Kensington, Pa., were delivered in Chester today.

#### Mechanics' Meeting.

The Junior Mechanics met last evening and acted upon two applications.

#### Personals.

Engineer Bennett, of the rolling mill, returned yesterday from Pittsburg.

#### TREASURER'S REPORT.

The City as Usual Hasn't Any More Money on Hand Than It Needs.

The report of City Treasurer Herbert for the month shows the balances as follows: General, \$22,429.76; wharf, \$41.02; police, \$1,621.28; light, \$2,158.90; sinking, \$14,314.15; bridge, \$399.85. The funds overdrawn are as follows: Street, \$13,654.41; fire, \$2,879.57; interest, \$4,284.47; sanitary, \$250.60. The cause for the overdrafts in the interest fund is that the city has paid \$7,000 interest on water works bonds for which there was no provision made. The new garbage furnace is what caused the overdraft in the sanitary fund.

#### HANDSOME MEDAL.

Commemorative of the Union Ex-Prisoners of War Encampment of 1899.

A. H. Jones, adjutant of the Allegheny county association of union ex-prisoners of war, yesterday forwarded a handsome bronze medal to Captain Harry Palmer with "the compliments of the association" in commemoration of the thirty-third national encampment at Philadelphia last September, at which Captain Palmer represented the Allegheny county association.

The badge is a very handsome one, made of metal from Confederate cannon. The pendant has representations of Independence hall, Liberty bell and the seal of Philadelphia. The badge is suspended from it by a pale blue and old gold silk ribbon bearing the gold inscription, "National Association of Union Ex-Prisoners of War." The medallion has a silver circle, with a gold square bearing the motto, "Death before dishonor," and the picture of a bloodhound springing upon a falling man. The circle of the medallion contains the lettering, "Thirty-third National encampment, Philadelphia." The badge was struck by the Philadelphians in honor of the event and the ex-prisoners say the reception given them by the City of Brotherly Love was one of the best they have had in the 33 years of their history.

#### Reduced Rates.

For the accommodation of persons wishing to make Thanksgiving Day trips, excursion tickets will be sold at any ticket station of the Pennsylvania lines to stations on those lines within a radius of 150 miles of selling point. Tickets will be on sale November 29 and 30, good returning until December 1, inclusive. For rates, time of trains, &c., apply to nearest ticket agent of the Pennsylvania lines.

#### AUTOCARS IN SHANGHAI.

#### Demand For American Motor Vehicles In Far Cathay.

In reply to inquiries from a Chicago firm Consul General Goodnow writes from Shanghai:

"This is an ideal place for motor vehicles. The town, built on alluvial deposit in the mouth of the Yang-tse river, is level. The roads are macadamized, and the climate is such, especially in the summer, that everybody drives. The horses are small, about the size and character of our Indian ponies. The foreigners are comparatively few (say 5,000 men, women and children), but there are nearly 500,000 Chinese in the settlements, and these take very kindly to our mechanical inventions as soon as they see them. Shanghai also is the distributing point for central and northern China. The merchants from the other treaty ports come here to buy their goods. Arrangements should be made to show vehicles and to make a practical, everyday demonstration of their ease of management and durability.

"The Chinese will not buy goods without having seen them. The average Chinese has seen so few new things that it is not easy for him to exert his imagination. Foreigners here are also slow to buy motor vehicles. The prices are considered high, and many think of the vehicles as experimental play things. FOR PRESIDENT--Second Term.  
WM. M'KINLEY,  
of Ohio.

THAT South African war correspondent who is sending his news by pigeon post is a "bird."

GOEBEL counted 5,000 more off Taylor's plurality over Sunday.

THE Van Wert Bulletin, O., tersely says: William Jennings Bryan made a few remarks at Ohio City, this county. Republican gain, 30. Mr. Bryan spoke an hour in Van Wert. Republican gain, 51.

#### NO DOUBT OF IT.

The anti who, in the face of the returns of last week's elections, still asserts that the country is not back of President McKinley and his administration, should take a look over the figures when placed like this:

Electoral vote of states that went Democratic—

Nebraska	8
Mississippi	9
Maryland	8

Electoral votes of states that went Republicans:

New York	36
Iowa	13
Kansas	10
Kentucky	13
Massachusetts	15
Ohio	23
Pennsylvania	32

How does that look for next year?

#### A CELESTIAL DISPLAY.

Astronomers throughout the world are intently watching the heavens this week, taking observations of the Leonid shower of meteors which occurs every 33 years and is due tomorrow evening. The shooting stars which may be seen tomorrow midnight, if the night is clear, are different from the ordinary. The common sort are meteorites, whose illumination is caused by the friction of their rapid transit through the atmosphere—fifty miles an hour. The Leonids are a swarm of minute particles—a kind of meteoric dust, moving around the sun, with a period of about 33 years. When they and the earth reach the same point as the earth dashes through the swarm of particles thousands are caught in our atmosphere, where they are heated to a high temperature by the friction of the air, and then are torn asunder and scattered in shining points of light, producing the shower of stars to be seen this week. The display may last all week, but it is calculated will be at its best midnight tomorrow. Early morning is also a good time to see it.

EAST LIVERPOOL, O., TUESDAY, NOV. 14.

FOR PRESIDENT--Second Term.  
WM. M'KINLEY,  
Of Ohio.

THAT South African war correspondent who is sending his news by pigeon post is a "bird."

GOEBEL counted 5,000 more off Taylor's plurality over Sunday.

THE Van Wert Bulletin, O., tersely says: William Jennings Bryan made a few remarks at Ohio City, this county. Republican gain, 30. Mr. Bryan spoke an hour in Van Wert. Republican gain, 51.

## NO DOUBT OF IT.

The anti who, in the face of the returns of last week's elections, still asserts that the country is not back of President McKinley and his administration, should take a look over the figures when placed like this:

Electoral vote of states that went Democratic—

## A CELESTIAL DISPLAY.

Astronomers throughout the world are intently watching the heavens this week, taking observations of the Leonid shower of meteors which occurs every 33 years and is due tomorrow evening. The shooting stars which may be seen tomorrow midnight, if the night is clear, are different from the ordinary. The common sort are meteorites, whose illumination is caused by the friction of their rapid transit through the atmosphere—fifty miles an hour. The Leonids are a swarm of minute particles—a kind of meteoric dust, moving around the sun, with a period of about 33 years. When they and the earth reach the same point as the earth dashes through the swarm of particles thousands are caught in our atmosphere, where they are heated to a high temperature by the friction of the air, and then are torn asunder and scattered in shining points of light, producing the shower of stars to be seen this week. The display may last all week, but it is calculated will be at its best midnight tomorrow. Early morning is also a good time to see it.

# PURCHASED 400 SEATS

School Board Cancels the Order  
Given For 200

## BECAUSE OF A PECULIAR MIXUP

Between Agents and Furniture Companies—Bids for Coal Opened and Contract Let to Robert Moore—Bills for October Examined and Approved.

All members of the board of education were present when the meeting was opened at 8:20 o'clock last evening.

During the evening the board purchased 400 school desks from the American School Furniture company. The order for 200 desks given W. H. Beebout, of New Cumberland, at a meeting held on November 4 was canceled.

Clerk Walter B. Hill read several letters and telegrams from the Piqua School Furniture company, the firm whom Beebout was supposed to represent, claiming that the statements of Beebout to the board on the sale of the 200 desks was unauthorized, and he had no authority to take the order at the prices quoted the board.

Yesterday afternoon H. D. Clark, a representative of the American School Furniture company, called at the office of Clerk Hill and was shown the correspondence received from Beebout and the Piqua company. Last night the clerk received another telegram from the Piqua company in which Beebout was turned down.

Mr. Norris, after hearing the letters read, said: "I am tired of this matter, and if we are unable to buy any desks when an agent is present at every meeting we had better resign our positions. To a man of ordinary sense this thing is becoming very disagreeable. We should not allow anyone to play horse with us." Clerk Hill read quotations from several firms who claim to be outside the trust, but Mr. Clark, of the American company, came in and made a lengthy speech.

Mr. Clark said among other things that he would sell the board desks at \$1.90, \$2.00 and \$2.10 each on three sizes, but the order must be placed immediately. Samples were submitted and a lengthy discussion as to the merits of the desks followed.

Mr. Norris wanted the subject laid over and made a motion to that effect. The board thought differently and finally a motion to adjourn was made by Mr. Norris.

"You can adjourn yourself," replied Mr. Murphy, "but this matter has got to be settled now."

Clerk Hill suggested the seats in the high school room be inspected.

"So the board can act intelligently in the matter," put in President Vodrey.

Messrs. Norris and Williams held a little caucus of their own, and Mr. Murphy commenced reading a paper while the other members went upstairs.

When the members returned Mr. Clark made another speech, which resulted in Mr. Murphy making a motion to purchase 400 desks from the American company at \$1.90, \$2 and \$2.10; 200 desks to be delivered now, the balance when the new East End building is completed. Every member voted yes except Mr. Norris, who said he did not care to vote.

The following bids for coal were read: Robert Moore, Central, Third and Sixth street buildings, 6½ cents. W. H. Frazier, for the same buildings, bid 8½ cents. For the West End, Sheridan avenue and Grant street buildings, Moore bid 7 cents and Frazier 8½ cents. On all other buildings Moore bid 9 cents and Frazier 9½ cents. Moore was given the contract.

The following bills were ordered paid: W. H. Kinney, \$5.32; Robert Hall,

\$19.56; Diamond Hardware Company, \$9.27; Ohio Valley Gas company, \$85.05; Ceramic Light company, \$1.73; John A. George, \$3.50; W. H. School Board Cancels the Order

## BECAUSE OF A PECULIAR MIXUP

Between Agents and Furniture Companies—Bids for Coal Opened and Contract Let to Robert Moore—Bills for October Examined and Approved.

All members of the board of education were present when the meeting was opened at 8:20 o'clock last evening.

During the evening the board purchased 400 school desks from the American School Furniture company. The order for 200 desks given W. H. Beebout, of New Cumberland, at a meeting held on November 4 was canceled.

Clerk Walter B. Hill read several letters and telegrams from the Piqua School Furniture company, the firm whom Beebout was supposed to represent, claiming that the statements of Beebout to the board on the sale of the 200 desks was unauthorized, and he had no authority to take the order at the prices quoted the board. Yesterday afternoon H. D. Clark, a representative of the American School Furniture company, called at the office of Clerk Hill and was shown the correspondence received from Beebout and the Piqua company. Last night the clerk received another telegram from the Piqua company in which Beebout was turned down.

Mr. Norris, after hearing the letters read, said: "I am tired of this matter, and if we are unable to buy any desks when an agent is present at every meeting we had better resign our positions. To a man of ordinary sense this thing is becoming very disagreeable. We should not allow anyone to play horse with us." Clerk Hill read quotations from several firms who claim to be outside the trust, but Mr. Clark, of the American company, came in and made a lengthy speech.

Mr. Clark said among other things that he would sell the board desks at \$1.90, \$2.00 and \$2.10 each on three sizes, but the order must be placed immediately. Samples were submitted and a lengthy discussion as to the merits of the desks followed.

Mr. Norris wanted the subject laid over and made a motion to that effect. The board thought differently and finally a motion to adjourn was made by Mr. Norris.

"You can adjourn yourself," replied Mr. Murphy, "but this matter has got to be settled now."

Clerk Hill suggested the seats in the high school room be inspected.

"So the board can act intelligently in the matter," put in President Vodrey.

Messrs. Norris and Williams held a little caucus of their own, and Mr. Murphy commenced reading a paper while the other members went upstairs.

When the members returned Mr. Clark made another speech, which resulted in Mr. Murphy making a motion to purchase 400 desks from the American company at \$1.90, \$2 and \$2.10; 200 desks to be delivered now, the balance when the new East End building is completed. Every member voted yes except Mr. Norris, who said he did not care to vote.

The following bids for coal were read: Robert Moore, Central, Third and Sixth street buildings, 6½ cents. W. H. Frazier, for the same buildings, bid 8½ cents. For the West End, Sheridan avenue and Grant street buildings, Moore bid 7 cents and Frazier 8½ cents. On all other buildings Moore bid 9 cents and Frazier 9½ cents. Moore was given the contract.

The following bills were ordered paid: W. H. Kinney, \$5.32; Robert Hall,

\$19.56; Diamond Hardware Company, \$9.27; Ohio Valley Gas company, \$85.05; Ceramic Light company, \$1.73; John A. George, \$3.50; W. H. ### Land of the Midnight Sun.

The Elroy Stock company at the Grand last evening presented "The Secret Enemy" to a large audience. The company is better than ever before and gave splendid satisfaction. Tonight they will present "The Land of the Midnight Sun," a dramatization of Hall Caine's celebrated novel, "The Bondman."

### Twins.

Kelsey Bennett doesn't care a copper for all the meteors which may flash across the horizon. Why? Simply because two handsome girl babies came to his home at five o'clock this morning. Mother and little ones are doing well. Send us down the best cigars in your establishment, Kelsey, and we'll forgive you.

LOUISVILLE, Nov. 14.—Chairman Long of the Republican campaign committee repeated his claim of a plurality of 3,111 for Taylor, based on official returns from 110 counties and unofficial returns from the remaining nine. The Democratic papers and leaders here have ceased to give figures, but specials from Frankfort quote Candidate Goebel and other party leaders as saying they are confident of the success of the Kenton county man.

Barbourville, the county seat of Knox county, which gave Taylor 1,398 plurality, was visited by hundreds of people interested in the result, their avowed purpose being to see that justice is done. Counsel for candidate Taylor began action in the Knox county court to compel the county election officers to certify the vote to the state board of election commissioners. The contention is over 42 ballots from the First precinct, but the petition filed by Taylor's counsel asserts that the election officers propose to throw out the entire county. Judge Brown granted a temporary injunction against such action. Johnson and Lewis counties are affected by the Democratic charges of irregularities, and there, too, legal complications are likely to arise.

At Hopkinsville a contest over a precinct which gave Taylor a plurality of 95 is delaying the official return of the vote of Christian county, which gave Taylor a plurality of 750.

Slow progress was made in the count of Louisville and Jefferson county. A number of precincts are in controversy on the grounds of alleged irregularities. In one such case, the seventh precinct of the First ward, the anti-Goebel people secured an order from Judge Toney to compel the precinct officers to sign the tally sheets. The Goebel people, however, claim the ballot box had been opened before it reached the county election officers. The vote, so far as canvassed, shows little change from the unofficial returns.

The federal grand jury, which was adjourned over the election, reconvened and was charged by Judge Evans regarding election violations, particularly with reference to the intimidation of colored voters.

## SALTER SURRENDERED.

Deputy Coroner Held on Bail in Philadelphia Election Cases.

PHILADELPHIA, Nov. 14.—Deputy Coroner S. P. Salter, who is involved in the alleged election frauds in the thirteenth division of the Seventh ward, and for whom a warrant had been issued, surrendered himself. He entered \$1,000 bail to appear for a hearing next Thursday. Lieutenant Colonel William G. Price of the Third regiment, N. G. P., signed the bail bond.

Bail was also entered in the sum of \$1,000 for Joseph Rodgers, lieutenant of the Capitol police, and Clarence Meeser, another of the alleged repeaters. Neither of the two men could be found and the bail was furnished by John F. Slater, a member of the state legislature. The warrants for Rodgers and Meeser were issued after the hearing of the five Washington men. Rodgers and Meeser will be given a hearing on Thursday, when Deputy Coroner Salter will be arraigned.

## ELECTION OFFICERS ARRESTED.

Defeated Candidates Made Charges of Law Violations at Cleveland.

CLEVELAND, Nov. 14.—John Bell, John L. Evans and O. Gildsberger, deputy state supervisor of elections, were arrested on a warrant sworn out by Thomas Clifford, charging them with violating the Ohio elections law. The arrests are made at the instance of the defeated candidates on the independent legislative ticket.

They claimed that the board of supervisors failed of its statutory duty when it did not comply with their request to name them non-partisan and put them in the Jones column, failed to put a white circle above their names, and blackened the space where the circle should have been put above their names. The supervisors furnished bail for appearance in court next Friday.

## THE REPUBLICAN COMMITTEE.

A Meeting to Be Called to Convene December 15.

CLEVELAND, Nov. 14.—After a consultation between Senator M. A. Hanna and Mr. Charles F. Dick, chairman and secretary respectively of the national Republican committee, the latter announced that it had been decided to call the committee together on Friday, Dec. 15 next, at Washington, to name the time and place for holding the next national Republican convention. The session of the committee was intended to continue for two days.

The following named cities were men-

tioned as probable applicants for the national convention next year: Chicago, St. Louis, San Francisco, Cleveland, Minneapolis, Denver, Kansas City, Milwaukee and Buffalo.

## Accused of Marrying and Swindling.

CHICAGO, Nov. 14.—James Monroe, who is said to have wives in half a dozen cities, has been arrested here and will be held pending the arrival of officers from Rochester, N. Y., where he will be tried on charges of bigamy and swindling. Monroe, it is alleged, married Mrs. Mary J. Colthar of Bunker Hill, Ills., and deserted her at Rochester after securing \$4,100 from her. According to the police Monroe has wives in St. Louis, Evansville, Ind., New York city, Rochester and Canada.

## Germans Killed 200 Natives.

LIVERPOOL, Nov. 14.—The British steamer Volta, from the German Cameroons, West Africa, reported that a German punitive expedition in the Cameroons recently chastised a tribe of rebellious cannibals who had besieged several trading stations at and near Kribi. The Germans chased the natives into the bush, killing 200. Numbers of the slain were decapitated, their heads being stuck on poles in the interior towns to strike terror to the inhabitants.

## The Deweys Met Croker.

NEW YORK, Nov. 14.—Admiral Dewey and his wife breakfasted and left the hotel for a walk. In compliance with the request made by the admiral on Saturday, he was not molested in any way. They met Richard Croker, who was driving. The admiral introduced Mrs. Dewey.

## Fighters Killed by a Train.

SHAMOKIN, Pa., Nov. 14.—While Jno. Yunish and Conrad Winsko, young unmarried Hungarians, were engaged in a fistfight on the Philadelphia and Reading railroad track near Enterprise an express train ran them down and instantly killed them.

## Mother of Lieut. Bagley Pensioned.

WASHINGTON, Nov. 14.—A pension of \$15 a month was granted by Commissioner Evans to Adelaide W. Bagley, mother of Lieutenant Worth Bagley, who was killed in the war with Spain

## New Orleans Beating Brooklyn.

WASHINGTON, Nov. 14.—The New Orleans is beating the Brooklyn in the ocean race for Manila.

## Hunters' and Farmer's Fatal Fight.

KOKOMO, Ind., Nov. 14.—In a fight between Orin Springer and Fred Smith and William Busby, Springer was instantly killed and Busby was wounded in the shoulder. Springer and Smith were hunting and had been ordered off Busby's farm. There was much indignation and the sheriff was apprehensive of trouble.

## Driver Blown to Pieces.

FREMONT, O., Nov. 14.—The explosion of a nitroglycerine wagon at Gibsonburg, owned by the Hercules Powder company, blew the driver, Ben Card, into small bits. The team and wagon shared his fate. The shock was felt here and at other places. Serious damage was done to buildings in the town.

## Accidentally Killed a Man.

PHILADELPHIA, Nov. 14.—William Rowland Hunn, aged 17 years, son of Ezekiel Hunn, a widely known and wealthy lawyer, accidentally shot and killed Edwin Lippincott in the latter's cigar store. Hunn was arrested and committed to await the action of the coroner.

## A Pittsburgh Steel Company Chartered.

HARRISBURG, Nov. 14.—A charter was issued at the state department to the Union Steel company of Pittsburgh, capital \$1,000,000. The incorporators are W. H. Donner, A. W. Mellon, R. B. Mellon, W. S. Mitchell and C. F. Farren, all of Pittsburgh.

## Accused of Embezzlement.

READING, Pa., Nov. 14.—Harry G. Johnson, formerly treasurer of the Independent Building association of this city, was brought here charged with the embezzlement of \$3,000 from the association. He was arrested a few days ago in Pittsburgh.

## Killed by His Son.

NEW YORK, Nov. 14.—George Schan, 50 years old, an employee in the supreme court, was shot and killed at his home by his son, George W. Schan, a dentist. The father refused to give the son money. The son was arrested.

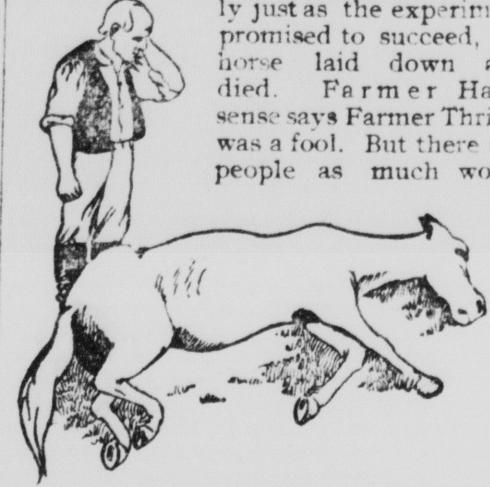

## Murdered a Negro.

HOPKINSVILLE, Ky., Nov. 14.—George Mims, a young planter, killed Sam Shanklin, a colored farmhand, near Fairview. Shanklin refused to do certain farm duties and threatened Mims's life.

## Divinney Died of Typhoid Fever.

WASHINGTON, Nov. 14.—General Brooke, at Havana, reported the death on the 11th inst. of James E. Divinney of Company H, Fifth infantry, who died at Guantanamo of typhoid fever.

Farmer Thrifty got the idea that if he could keep a horse without the cost of feeding, it would be a great economy, so he reduced the horse's food a little every day. Unfortunately just as the experiment promised to succeed, the horse laid down and died. Farmer Hard-sense says Farmer Thrifty was a fool. But there are people as much worse

than old Thrifty as it is more foolish to work your own body under starvation conditions, than your horse's. But every farmer has plenty to eat. Yes, but it isn't what is eaten, it is what nourishment is obtained from food that decides the question of starvation. It wouldn't do the farmer any good to run a stack of wheat through a thrashing machine which was so out of gear that it didn't get the grain out of one head of wheat in fifty. That's just the way with the disordered stomach. It doesn't get the good out of the food that is eaten.

There is no medicine will so quickly act on the organs of digestion and nutrition, and put the stomach in perfect working order, as Dr. Pierce's Golden Medical Discovery. It makes pure blood, and rich blood, and puts the body on a plane of perfect health.

"I suffered for six years with constipation and indigestion, during which time I employed physicians, but they could not reach my case," writes Mr. G. Popplewell of Eureka Springs, Carroll Co., Arkansas. "I felt there was no help for me. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and 'Pellets,' and improved from the start. I am now in good health."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

## ACTION IN THE COURTS.

Taylor's Counsel Made Move at Barboursville, Ky., Threatening Crowd. Federal Grand Jury Charged.

LOUISVILLE, Nov. 14.—Chairman Long of the Republican campaign committee repeated his claim of a plurality of 3,111 for Taylor, based on official returns from 110 counties and unofficial returns from the remaining nine. The Democratic papers and leaders here have ceased to give figures, but specials from Frankfort quote Candidate Goebel and other party leaders as saying they are confident of the success of the Kenton county man.

Barbourville, the county seat of Knox county, which gave Taylor 1,398 plurality, was visited by hundreds of people interested in the result, their avowed purpose being to see that justice is done. Counsel for candidate Taylor began action in the Knox county court to compel the county election officers to certify the vote to the state board of election commissioners. The contention is over 42 ballots from the First precinct, but the petition filed by Taylor's counsel asserts that the election officers propose to throw out the entire county. Judge Brown granted a temporary injunction against such action. Johnson and Lewis counties are affected by the Democratic charges of irregularities, and there, too, legal complications are likely to arise.

At Hopkinsville a contest over a precinct which gave Taylor a plurality of 95 is delaying the official return of the vote of Christian county, which gave Taylor a plurality of 750.

Slow progress was made in the count of Louisville and Jefferson county. A number of precincts are in controversy on the grounds of alleged irregularities. In one such case, the Seventh precinct of the First ward, the anti-Goebel people secured an order from Judge Toney to compel the precinct officers to sign the tally sheets. The Goebel people, however, claim the ballot box had been opened before it reached the county election officers. The vote, so far as canvassed, shows little change from the unofficial returns.

The federal grand jury, which was adjourned over the election, reconvened and was charged by Judge Evans regarding election violations, particularly with reference to the intimidation of colored voters.

## ACTION IN THE COURTS.

Taylor's Counsel Made Move at Barboursville, Ky.—Threatening Crowd. Federal Grand Jury Charged.

LOUISVILLE, Nov. 14.—Chairman Long of the Republican campaign committee repeated his claim of a plurality of 3,111 for Taylor, based on official returns from 110 counties and unofficial returns from the remaining nine. The Democratic papers and leaders here have ceased to give figures, but specials from Frankfort quote Candidate Goebel and other party leaders as saying they are confident of the success of the Kenton county man.

Barbourville, the county seat of Knox county, which gave Taylor 1,398 plurality, was visited by hundreds of people interested in the result, their avowed purpose being to see that justice is done. Counsel for candidate Taylor began action in the Knox county court to compel the county election officers to certify the vote to the state board of election commissioners. The contention is over 42 ballots from the First precinct, but the petition filed by Taylor's counsel asserts that the election officers propose to throw out the entire county. Judge Brown granted a temporary injunction against such action, Johnson and Lewis counties are affected by the Democratic charges of irregularities, and there, too, legal complications are likely to arise.

At Hopkinsville a contest over a precinct which gave Taylor a plurality of 95 is delaying the official return of the vote of Christian county, which gave Taylor a plurality of 750.

Slow progress was made in the count of Louisville and Jefferson county. A number of precincts are in controversy on the grounds of alleged irregularities. In one such case, the Seventh precinct of the First ward, the anti-Goebel people secured an order from Judge Toney to compel the precinct officers to sign the tally sheets. The Goebel people, however, claim the ballot box had been opened before it reached the county election officers. The vote, so far as canvassed, shows little change from the unofficial returns.

The federal grand jury, which was adjourned over the election, reconvened and was charged by Judge Evans regarding election violations, particularly with reference to the intimidation of colored voters.

### SALTER SURRENDERED.

Deputy Coroner Held on Bail in Philadelphia Election Cases.

PHILADELPHIA, Nov. 14.—Deputy Coroner S. P. Salter, who is involved in the alleged election frauds in the thirteenth division of the Seventh ward, and for whom a warrant had been issued, surrendered himself. He entered \$1,000 bail to appear for a hearing next Thursday. Lieutenant Colonel William G. Price of the Third regiment, N. G. P., signed the bail bond.

Bail was also entered in the sum of \$1,000 for Joseph Rodgers, lieutenant of the Capitol police, and Clarence Meeser, another of the alleged repeaters. Neither of the two men could be found and the bail was furnished by John F. Slater, a member of the state legislature. The warrants for Rodgers and Meeser were issued after the hearing of the five Washington men. Rodgers and Meeser will be given a hearing on Thursday, when Deputy Coroner Salter will be arraigned.

### ELECTION OFFICERS ARRESTED.

Defeated Candidates Made Charges of Law Violations at Cleveland.

CLEVELAND, Nov. 14.—John Bell, John L. Evans and O. Gildersberger, deputy state supervisor of elections, were arrested on a warrant sworn out by Thomas Clifford, charging them with violating the Ohio election law. The arrests are made at the instance of the defeated candidates on the independent legislative ticket.

They claimed that the board of supervisors failed of its statutory duty when it did not comply with their request to name them non-partisan and put them in the Jones column, failed to put a white circle above their names, and blackened the space where the circle should have been put above their names. The supervisors furnished bail for appearance in court next Friday.

### THE REPUBLICAN COMMITTEE.

A Meeting to Be Called to Convene December 15.

CLEVELAND, Nov. 14.—After a consultation between Senator M. A. Hanna and Mr. Charles F. Dick, chairman and secretary respectively of the national Republican committee, the latter announced that it had been decided to call the committee together on Friday, Dec. 15 next, at Washington, to name the time and place for holding the next national Republican convention. The session of the committee was intended to continue for two days.

The following named cities were men-

tioned as probable applicants for the national convention next year: Chicago, St. Louis, San Francisco, Cleveland, Minneapolis, Denver, Kansas City, Milwaukee and Buffalo.

### Accused of Marrying and Swindling.

CHICAGO, Nov. 14.—James Monroe, who is said to have wives in half a dozen cities, has been arrested here and will be held pending the arrival of officers from Rochester, N. Y., where he will be tried on charges of bigamy and swindling. Monroe, it is alleged, married Mrs. Mary J. Colthar of Bunker Hill, Ills., and deserted her at Rochester after securing \$4,100 from her. According to the police Monroe has wives in St. Louis, Evansville, Ind., New York city, Rochester and Canada.

### Germans Killed 200 Natives.

LIVERPOOL, Nov. 14.—The British steamer Volta, from the German Cameroons, West Africa, reported that a German punitive expedition in the Cameroons recently chastised a tribe of rebellious cannibals who had besieged several trading stations at and near Kribi. The Germans chased the natives into the bush, killing 200. Numbers of the slain were decapitated, their heads being stuck on poles in the interior towns to strike terror to the inhabitants.

### The Deweys Met Croker.

NEW YORK, Nov. 14.—Admiral Dewey and his wife breakfasted and left the hotel for a walk. In compliance with the request made by the admiral on Saturday, he was not molested in any way. They met Richard Croker, who was driving. The admiral introduced Mrs. Dewey.

### Fighters Killed by a Train.

SHAMOKIN, Pa., Nov. 14.—While Jno. Yunck and Conrad Winko, young unmarried Hungarians, were engaged in a fistfight on the Philadelphia and Reading railroad track near Enterprise an express train ran them down and instantly killed them.

### Mother of Lieut. Bagley Pensions.

WASHINGTON, Nov. 14.—A pension of \$15 a month was granted by Commissioner Evans to Adelaide W. Bagley, mother of Lieutenant Worth Bagley, who was killed in the war with Spain

### New Orleans Beating Brooklyn.

WASHINGTON, Nov. 14.—The New Orleans is beating the Brooklyn in the ocean race for Manila.

### Hunters and Farmers Fatal Fight.

KOKOMO, Ind., Nov. 14.—In a fight between Orin Springer and Fred Smith and William Busby, Springer was instantly killed and Busby was wounded in the shoulder. Springer and Smith were hunting and had been ordered off Busby's farm. There was much indignation and the sheriff was apprehensive of trouble.

### Driver Blown to Pieces.

FREMONT, O., Nov. 14.—The explosion of a nitroglycerine wagon at Gibsonburg, owned by the Hercules Powder company, blew the driver, Ben Card, into small bits. The team and wagon shared his fate. The shock was felt here and at other places. Serious damage was done to buildings in the town.

### Accidentally Killed a Man.

PHILADELPHIA, Nov. 14.—William Rowland Dunn, aged 17 years, son of Ezekiel Dunn, a widely known and wealthy lawyer, accidentally shot and killed Edwin Lippincott in the latter's cigar store. Dunn was arrested and committed to await the action of the coroner.

### A Pittsburg Steel Company Chartered.

HARRISBURG, Nov. 14.—A charter was issued at the state department to the Union Steel company of Pittsburg, capital \$1,000,000. The incorporators are W. H. Donner, A. W. Mellon, R. D. Mellon, W. S. Mitchell and C. F. Farren, all of Pittsburg.

### Accused of Embezzlement.

READING, Pa., Nov. 14.—Harry G. Johnson, formerly treasurer of the Independent Building association of this city, was brought here charged with the embezzlement of \$3,000 from the association. He was arrested a few days ago in Pittsburg.

### Killed by His Son.

NEW YORK, Nov. 14.—George Schan, 50 years old, an employee in the supreme court, was shot and killed at his home by his son, George W. Schan, a dentist. The father refused to give the son money. The son was arrested.

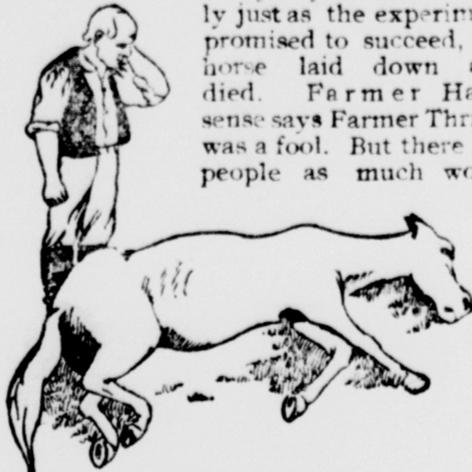

### Murdered a Negro.

HOPKINSVILLE, Ky., Nov. 14.—George Mimms, a young planter, killed Sam Shanklin, a colored farmhand, near Fairview. Shanklin refused to do certain farm duties and threatened Mimms's life.

### Divinney Died of Typhoid Fever.

WASHINGTON, Nov. 14.—General Brooke, at Havana, reported the death on the 11th inst. of James E. Divinney of Company H, Fifth infantry, who died at Guantanamo of typhoid fever.

Farmer Thrifty got the idea that if he could keep a horse without the cost of feeding, it would be a great economy, so he reduced the horse's food a little every day. Unfortunately just as the experiment promised to succeed, the horse laid down and died. Farmer Hard-sense says Farmer Thrifty was a fool. But there are people as much worse

than old Thrifty as it is more foolish to work your own body under starvation conditions, than your horse's. But every farmer has plenty to eat. Yes, but it isn't what is eaten, it is what nourishment is obtained from food that decides the question of starvation. It wouldn't do the farmer any good to run a stack of wheat through a thrashing machine which was so out of gear that it didn't get the grain out of one head of wheat in fifty. That's just the way with the disordered stomach. It doesn't get the good out of the food that is eaten.

There is no medicine will so quickly act on the organs of digestion and nutrition, and put the stomach in perfect working order, as Dr. Pierce's Golden Medical Discovery. It makes pure blood, and rich blood, and puts the body on a plane of perfect health.

"I suffered for six years with constipation and indigestion, during which time I employed physicians, but they could not reach my case," writes Mr. G. Popplewell, of Eureka Springs, Carroll Co., Arkansas. "I felt there was no help for me. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pellets,' and improved from the start. I am now in good health."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

THE CHINESE EAR CLEANER.  
One of the Strange Sights to Be Seen  
In Manila Streets.

In this city of strange and unusual sights there is probably nothing that appears so strange at first sight to the American as the Chinese ear cleaner pursuing his calling on the street corners. The Chinaman so engaged is provided with a stool and a small bamboo case, in which are inclosed his instruments.

The Filipino is just as sure of having his ears cleaned on Sunday as an American is of having a shave, and in the streets and alleyways they line up for all the world like a barber shop on Sunday morning, the only difference being the Chinaman can't say "next."

First of all the Chino takes a razor, which looks more like a propeller blade than anything else, and, wiping the victim's face with a wet rag, proceeds to mop the dirt therefrom. While watching this part of the proceedings I was surprised at the flexibility of the native nose as demonstrated by the skillful fingers of the operator. To windward, to leeward, on its stern beam and bow the native's nose is rapidly twisted to avoid the aforesaid razor. Having removed the real estate from the native's face, the Chinaman turns to the more difficult task of ear cleaning. The smallest spot of dirt and the tiniest nesh worm is removed before the operation is complete, and from the "heavenly expression" one would imagine that the operation was anything but pleasant.—Manila Freedom.

**Two Politicians.**

One of the first things done by a stranger visiting Albany, says the Philadelphia Call, is to pay 25 cents and put himself at the mercy of a capitol guide.

The guide makes a profound and obsequious bow, like a prestidigitator about to charm an audience, and proceeds to lift the veil which hides the mysteries of the great building.

On a recent occasion the guide led a stranger regrettably past "McGinty's" empty frame and proceeded to identify the heads of notables that decorate the stairway. He did fairly well until the stranger pointed out Shakespeare and Homer and asked who they were.

"Them," replied the guide, undaunted, "are the heads of two politicians whose names I disremember."

**Newspaper Obituaries.**

By this time, one would think, nearly everybody has ceased to wonder at the way in which newspapers can come out with column after column of biography the very morning after some eminent person has passed away and it is an open secret that a care fully written "life" has been pigeon holed in the office for months—nay years—before.

Biographies, interviews, personal paragraphs, all yield their quota to the compiling of an obituary, but in some cases the subject has the grawsome experience of being waited upon while yet living to furnish materials for the notice.—Cincinnati Enquirer.

**The Largest Natural Bridge.**

Down on Pine creek, near Camp Verde, A. T., is a natural bridge that is probably greater than any other in the world. It is nearly five times the size of the natural bridge of Virginia and has a span of more than 500 feet across Pine creek, which is dry 300 days in the year. The height of the bridge is about 80 feet, and it is about 600 feet wide.—Chicago Record.

**Juror's Sanity In Question.**

PHILADELPHIA, Nov. 14.—Argument on the reasons for a new trial for ex-United States Attorney Ellery P. Ingham and his former assistant, Harvey K. Newitt, recently convicted in the United States district court of conspiracy and bribery in connection with the Lancaster revenue stamp counterfeiting case, was heard. A. S. L. Shields made the argument. Drs. Hill and Wood said they thought he was wrong mentally, as did several jurors, while others thought he was all right.

**Money For Parnell Monument.**

ALBANY, Nov. 14.—Daniel Tallon, lord mayor of Dublin, and John E. Redmond, M. P., paid their respects to Governor Roosevelt at the capital and later were dined by the governor. About \$600 was raised here for the Parnell monument fund.

**Pennsylvania Superior Court.**

PHILADELPHIA, Nov. 14.—After a short adjournment the superior court reassembled in this city.

**Saved the Vase.**

The little son of an English gentleman, in mischievously playing with a vase, managed, after several attempts to get his hand through the narrow neck, and was then unable to extricate it. For half an hour or more the whole family and one or two friends did their best to withdraw the fist of the young offender, but in vain. It was a very valuable vase, and the father was loath to break it, but the existing state of affairs could not continue forever. At length, after a final attempt to draw forth the hand of the victim the father gave up his efforts in despair, but tried a last suggestion.

"Open your hand!" he commanded the tearful young captive, "and then draw it forth."

"I can't open it, father," declared the boy.

"Can't?" demanded his father "Why?"

"I've got my penny in my hand," came the astounding reply.

"Why, you young rascal!" thundered his father, "drop it at once!"

The penny rattled in the bottom of the vase and out came the hand.

**A Mole Catcher.**

A farm manager at Fodderty, Dingwall, Scotland, watching a mole catcher at work, saw sea gulls hovering over and occasionally alighting upon a turnip field in which the observer and others were at work. A particularly large and handsome bird attracted his attention by the graceful way it floated slowly over the drills, intently scanning the surface of the ground.

Suddenly, steadying itself a moment, it dropped, dug its bill into the heavy ground and rose with a mole for its prey. Resting a few minutes, it gracefully began again a further search for prey. In a few minutes a second mole was unearthed.

**Case of Cruelty.**

A little girl whose acquaintance with the zoological wonders of creation was limited was looking at one of the elephants in Lincoln park, Chicago while on her first visit to that popular resort.

Observing that the animal stood motionless near a watering trough, she said:

"Poor thing! Why don't they lift up his trunk and fasten it back so he can drink?"

First of all the Chino takes a razor, which looks more like a propeller blade than anything else, and, wiping the victim's face with a wet rag, proceeds to mop the dirt therefrom. While watching this part of the proceedings I was surprised at the flexibility of the native nose as demonstrated by the skillful fingers of the operator. To windward, to leeward, on its stern beam and bow the native's nose is rapidly twisted to avoid the aforesaid razor. Having removed the real estate from the native's face, the Chinaman turns to the more difficult task of ear cleaning. The smallest spot of dirt and the tiniest nest worm is removed before the operation is complete, and from the "heavenly expression" one would imagine that the operation was anything but pleasant.—Manila Freedom.

### Two Politicians.

One of the first things done by a stranger visiting Albany, says the Philadelphia Call, is to pay 25 cents and put himself at the mercy of a capitol guide.

The guide makes a profound and obsequious bow, like a prestidigitator about to charm an audience, and proceeds to lift the veil which hides the mysteries of the great building.

On a recent occasion the guide led a stranger regrettably past "McGinty's" empty frame and proceeded to identify the heads of notables that decorate the stairway. He did fairly well until the stranger pointed out Shakespeare and Homer and asked who they were.

"Them," replied the guide, undaunted, "are the heads of two politicians whose names I disremember."

### Newspaper Obituaries.

By this time, one would think, nearly everybody has ceased to wonder at the way in which newspapers can come out with column after column of biography the very morning after some eminent person has passed away and it is an open secret that a carefully written "life" has been pigeonholed in the office for months—nay years—before.

Biographies, interviews, personal paragraphs, all yield their quota to the compiling of an obituary, but in some cases the subject has the grawsome experience of being waited upon while yet living to furnish materials for the notice.—Cincinnati Enquirer.

### The Largest Natural Bridge.

Down on Pine creek, near Camp Verde, A. T., is a natural bridge that is probably greater than any other in the world. It is nearly five times the size of the natural bridge of Virginia and has a span of more than 500 feet across Pine creek, which is dry 300 days in the year. The height of the bridge is about 80 feet, and it is about 600 feet wide.—Chicago Record.

### Juror's Sanity In Question.

PHILADELPHIA, Nov. 14.—Argument on the reasons for a new trial for ex-United States Attorney Ellery P. Ingham and his former assistant, Harvey K. Newitt, recently convicted in the United States district court of conspiracy and bribery in connection with the Lancaster revenue stamp counterfeiting case, was heard. A. S. L. Shields made the argument. Drs. Hill and Wood said they thought he was wrong mentally, as did several jurors, while others thought he was all right.

### Money For Parnell Monument.

ALBANY, Nov. 14.—Daniel Tallon, lord mayor of Dublin, and John E. Redmond, M. P., paid their respects to Governor Roosevelt at the capital and later were dined by the governor. About \$600 was raised here for the Parnell monument fund.

### Pennsylvania Superior Court.

PHILADELPHIA, Nov. 14.—After a short adjournment the superior court reassembled in this city.

### Saved the Vase.

The little son of an English gentleman, in mischievously playing with a vase, managed, after several attempts to get his hand through the narrow neck, and was then unable to extricate it. For half an hour or more the whole family and one or two friends did their best to withdraw the fist of the young offender, but in vain. It was a very valuable vase, and the father was loath to break it, but the existing state of affairs could not continue forever. At length, after a final attempt to draw forth the hand of the victim the father gave up his efforts in despair, but tried a last suggestion.

"Open your hand!" he commanded the tearful young captive, "and then draw it forth."

"I can't open it, father," declared the boy.

"Can't?" demanded his father. "Why?"

"I've got my penny in my hand," came the astounding reply.

"Why, you young rascal," thundered his father, "drop it at once!"

The penny rattled in the bottom of the vase and out came the hand.

### A Mole Catcher.

A farm manager at Fodderby, Dingwall, Scotland, watching a mole catcher at work, saw sea gulls hovering over and occasionally alighting upon a turnip field in which the observer and others were at work. A particularly large and handsome bird attracted his attention by the graceful way it floated slowly over the drills, intently scanning the surface of the ground. Suddenly, steadying itself a moment, it dropped, dug its bill into the heavy ground and rose with a mole for its prey. Resting a few minutes, it gracefully began again a further search for prey. In a few minutes a second mole was unearthed.

### Case of Cruelty.

A little girl whose acquaintance with the zoological wonders of creation was limited was looking at one of the elephants in Lincoln park, Chicago while on her first visit to that popular resort.

Observing that the animal stood motionless near a watering trough, she said:

"Poor thing! Why don't they lift up his trunk and fasten it back so he can drink?"

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

### UNION PAPERS.

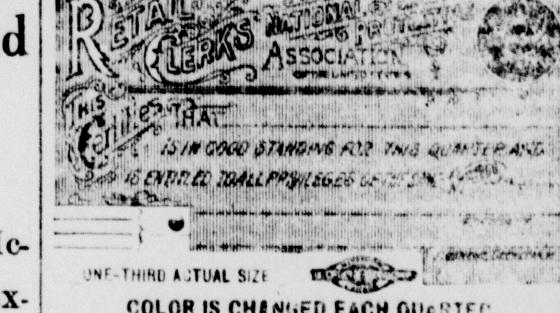

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

## THE CHINESE EAR CLEANER.

One of the Strange Sights to Be Seen  
In Manila Streets.

In this city of strange and unusual sights there is probably nothing that appears so strange at first sight to the American as the Chinese ear cleaner pursuing his calling on the street corners. The Chinaman so engaged is provided with a stool and a small bamboo case, in which are inclosed his instruments.

The Filipino is just as sure of having his ears cleaned on Sunday as an American is of having a shave, and in the by streets and alleyways they line up for all the world like a barber shop on Sunday morning, the only difference being the Chinaman can't say "next."

First of all the Chino takes a razor, which looks more like a propeller blade than anything else, and, wiping the victim's face with a wet rag, proceeds to mop the dirt therefrom. While watching this part of the proceedings I was surprised at the flexibility of the native nose as demonstrated by the skillful fingers of the operator. ### THE BALD EAGLE AT HOME.

#### He Chooses a High Tree For His Offensive Nest.

An old friend met us. He first showed as a black spot far up on the shore, then drifted grandly down upon set pinions, tacking in and out like a yacht working to windward. It happened he was slanting shoreward when he passed, and at 40 yards his snowy head and tail, broad, brown fans showed to fine advantage. We could see the polished yellow of his hooked bill and the fierce flash of his marvelous golden telescopic eye as he turned it upon us and then back to his tireless searching of the water and the wave line along shore.

For years this eagle, hoary old beach comber as he is, has patrolled the shore daily for miles, seeking what the waters have cast up, for be it known he is not above accepting even carrion. Many a dead fish and lost bird he gets for the trouble of picking them up, but he can hunt, too, when he feels so disposed. Season after season he and his mate have patched the old nest and reared their eagles in peace.

No one can climb the tree, and no decent man would shoot at the birds. Should you visit the foot of the tree your nose will be assailed by a most objectionable odor, and your naturally brief inspection will convince you that the eagles do hunt more than they are given credit for. Everywhere are fragments of fish, while among them are wings and tails which must have belonged to grouse, portions of hares and other fragments suspiciously like certain parts of lambs, sucking pigs and domestic fowls. But they were not our lambs, pigs or fowls, and so no shot whistles after the old pirate, who seems to understand that he is free to

buccaneer to his heart's content.—Ed W. Sandys in *Outing*.

#### GESTICULATING TALKERS.

##### Italians Wave Arms Wildly When Conversing With One Another.

The farther south one goes in Europe the more do the people gesticulate in conversation, asserts a traveler who is at present "doing" Italy.

A Neapolitan, he says, goes through an entire course of calisthenics before he has talked five minutes. Give a Neapolitan a pair of dumb bells and ask him what he thinks of the weather and before he finishes his answer he will have taken enough healthful exercise to last him all day.

This traveler spent many an interesting hour in watching the Neapolitan talk. One day in a cafe he sat next to a couple of Italians, who were engaged in a most spirited conversation. The younger of the two men grew very excited. With his hands he made reaching and clinging motions, as if climbing. Then he reached right and left above his head, as one would do in picking cherries. Then, without slackening his remarkable flow of conversation, he put the thumb and first finger of his left hand together and held them a few inches before his eyes and went through the careful movements of one threading a small needle. And all the time he talked. Next he made overhand motions as of throwing. Then he gave an imitation of some one swimming. After that he described several rapid circles with his left hand, which gave the impression of a revolving wheel. Then he leaned forward and, with his right hand lifted, acted as a person would act in trying to put a key into a keyhole. The writer asked his friend who understood Italian, what all the

fuss was about.

"They're talking chiefly about the weather," was the reply.—London Mail.

##### His Brogue Saved Him.

The thickness of his brogue secured for a recent arrival from the Emerald Isle a ride of several hundred miles at the expense of the Pennsylvania railroad. His destination was Boston and at the Broad street station he asked for a ticket to the Hub. The ticket seller was unable to determine whether it was Boston or Washington the man wanted to reach, but finally sold him a ticket for the latter city, and a few hours later he found himself in the national capital. As he was unable to read, the mistake was not discovered until he reached Washington, and to complicate matters he had not sufficient funds to purchase a ticket to Boston.

He presented his case to the railroad officials at Washington, and they, putting him to a test, were unable to distinguish from his pronunciation of Washington and Boston any material difference, thus exonerating the clerk at the Broad street station, in this city for his error. The facts of the case being laid before the general passenger department, the man with the brogue was forwarded to his proper destination.—Philadelphia Record.

##### Growing Hair by Suction.

A Paris hairdresser undertakes to grow a good crop of hair on the baldest head by mechanical means. His apparatus consists of a flexible plate of convenient shape to fit the top of the head. This is pressed down and the air from beneath it exhausted; the cupping process thus applied is supposed to stimulate the growth of the roots.

### THE BALD EAGLE AT HOME.

#### He Chooses a High Tree For His Offensive Nest.

An old friend met us. He first showed as a black spot far up on the shore, then drifted grandly down upon set pinions, tacking in and out like a yacht working to windward. It happened he was slanting shoreward when he passed, and at 40 yards his snowy head and tail, broad, brown fans showed to fine advantage. We could see the polished yellow of his hooked bill and the fierce dash of his marvelous golden telescopic eye as he turned it upon us and then back to his tireless searching of the water and the wave line along shore.

For years this eagle, hoary old beach comber as he is, has patrolled the shore daily for miles, seeking what the waters have cast up, for be it known he is not above accepting even carrion. Many a dead fish and lost bird he gets for the trouble of picking them up, but he can hunt, too, when he feels so disposed. Season after season he and his mate have patched the old nest and reared their eagles in peace.

No one can climb the tree, and no decent man would shoot at the birds. Should you visit the foot of the tree your nose will be assailed by a most objectionable odor, and your naturally brief inspection will convince you that the eagles do hunt more than they are given credit for. Everywhere are fragments of fish, while among them are wings and tails which must have belonged to grouse, portions of hares and other fragments suspiciously like certain parts of lambs, sucking pigs and domestic fowls. But they were not our lambs, pigs or fowls, and so no shot whistles after the old pirate, who seems to understand that he is free to

buccaneer to his heart's content.—Ed W. Sandys in *Outing*.

#### GESTICULATING TALKERS.

#### Italians Wave Arms Wildly When Conversing With One Another.

The farther south one goes in Europe the more do the people gesticulate in conversation, asserts a traveler who is at present "doing" Italy.

A Neapolitan, he says, goes through an entire course of calisthenics before he has talked five minutes. Give a Neapolitan a pair of dumb bells and ask him what he thinks of the weather and before he finishes his answer he will have taken enough healthful exercise to last him all day.

This traveler spent many an interesting hour in watching the Neapolitan talk. One day in a cafe he sat next to a couple of Italians, who were engaged in a most spirited conversation. The younger of the two men grew very excited. With his hands he made reaching and clinging motions, as if climbing. Then he reached right and left above his head, as one would do in picking cherries. Then, without slackening his remarkable flow of conversation, he put the thumb and first finger of his left hand together and held them a few inches before his eyes and went through the careful movements of one threading a small needle. And all the time he talked. Next he made overhand motions as of throwing. Then he gave an imitation of some one swimming. After that he described several rapid circles with his left hand, which gave the impression of a revolving wheel. Then he leaned forward and, with his right hand lifted, acted as a person would act in trying to put a key into a keyhole. The writer asked his friend who understood Italian, what all the

fuss was about.

"They're talking chiefly about the weather," was the reply.—*London Mail*.

#### His Brogue Saved Him.

The thickness of his brogue secured for a recent arrival from the Emerald Isle a ride of several hundred miles at the expense of the Pennsylvania rail road. His destination was Boston and at the Broad street station he asked for a ticket to the Hub. The ticket seller was unable to determine whether it was Boston or Washington the man wanted to reach, but finally sold him a ticket for the latter city, and a few hours later he found himself in the national capital. As he was unable to read, the mistake was not discovered until he reached Washington, and to complicate matters he had not sufficient funds to purchase a ticket to Boston.

He presented his case to the railroad officials at Washington, and they, putting him to a test, were unable to distinguish from his pronunciation of Washington and Boston any material difference, thus exonerating the clerk at the Broad street station, in this city for his error. The facts of the case being laid before the general passenger department, the man with the brogue was forwarded to his proper destination.—*Philadelphia Record*.

#### Growing Hair by Suction.

A Paris hairdresser undertakes to grow a good crop of hair on the baldest head by mechanical means. His apparatus consists of a flexible plate of convenient shape to fit the top of the head. This is pressed down and the air from beneath it exhausted; the cupping process thus applied is supposed to stimulate the growth of the roots.

## U.S. CRUISER WRECKED

Charleston Went on Reef Off Luzon Coast.

## ALL ON BOARD WERE SAVED.

Aguinaldo and His Army Reported Practically Surrounded—His Secretary Captured—Some Supplies of Rebels Also Taken—Great Work by Our Troops.

MANILA, Nov. 14.—(12:20 p. m.)—The United States cruiser Charleston, which had been patrolling the northern coast of Luzon, was wrecked on a reef off the northwest coast on Tuesday, November 7.

All on board were saved.

MANILA, Nov. 14.—The correspondent of The Associated Press with General Young telegraphs from San Jose that Aguinaldo did not escape to the northeast. He and his army, the correspondent added, was surrounded. His last orders to the Filipino commander at San Jose were to hold San Jose and Carranglan at all cost.

WASHINGTON, Nov. 14.—The following dispatch from General Otis was received at the war department:

MANILA, Nov. 13.—MacArthur's advance, Thirty-sixth volunteers and cavalry troop under Bell, entered Tarlac 7:10 p. m. yesterday. Enemy fled. By great labor MacArthur succeeded in getting forward to Capas yesterday all artillery and quartermaster's transportation and will have command in Tarlac today, his advance pushing forward to save as much of a road as possible, which enemy trying to destroy on retreat. Many deserters from enemy who passed into MacArthur some 30 rifles yesterday. Insurgents in that section reported to be short of provisions.

"Lawton pushing forward with great energy, his advance obliged to leave behind all transportation and depend to great extent upon country for subsistence. Hayes, Fourth cavalry, in vicinity of Carranglan, has captured large amount of insurgent property and nearly half battalion of 400 soldiers transporting Aguinaldo's property north over mountains, together with his private secretary and seven officers. Young, with Third cavalry and Batón's Macabebe scouts followed by balance battalion Twenty-second infantry, leaving behind all transportation, pushed out on San Jose Lupam, San Quentin and Mayug road and scattered enemy stationed at these points, most of whom were driven southwestward.

"Wessels with squadron of Third cavalry hastened forward to Mayug, where insurgents' supply depot was captured, securing several hundred thousand pounds of rice, 3,500 pounds flour, 7,500 pounds salt and other provisions, 1,300 uniform coats, new, many blankets and other articles of clothing, also number of insurgent officers and 69 Spanish and 2 American prisoners. Detachments sent north to San Nicholas, and it is believed that Young established communication with Wheaton's troops last evening. Indications are that insurgents will not escape to mountains capital at Bayonbong without great difficulty and loss, if at all.

"Our troops at Tarlac, Ariaga, Talavera, San Jose Bupao, Humingen, San Quentin, Tayug, San Nicholas on through to Langayen gulf, with strong station at Arayat, San Isidro, Cabanatuan, should cause insurgents some annoyance. Our troops have suffered great hardships and have performed most severe service, but are reported in excellent condition and spirits. The enterprise and indomitable will displayed by officers never excelled. OTIS."

## PRAISED AMERICAN SOLDIERS

A British Officer Spoke of Their Bravery and Intelligence.

LONDON, Nov. 14.—A British naval officer who has just returned from a town in the Philippines was interviewed regarding the situation there, of which he takes a somewhat pessimistic view. According to the published interview, he thought that more river gunboats were needed and that General Otis was trying to run the campaign too economically.

Paying a high tribute to the "surprising intelligence and confidence of the American soldier," the officer said: "Patience and bravery the American soldier has shown in a high degree, but he is not particularly mobile. He

would be more efficacious if instead of being collected in comparatively enormous numbers he were used in smaller forces, moving more rapidly and living in the country instead of requiring vast quantities of potted luxuries.

"Moreover, he looks tired and as if he wanted something to do. Except for an occasional game of base ball there is nothing for him to do but to drink. Now, if he were a British soldier he would be diverted by all sorts of sports."

## HOBART MAY BE SPARED.

Wife and Family Believe Life Will Be Preserved For a Long Time. Eating Regularly.

PATERSON, N. J., Nov. 14.—Improvement in the condition of Vice President Hobart continues, and Mrs. Hobart and other members of the family felt confident that the life of the vice president will be preserved for a long time, even if his complete recovery is not considered a possibility by his physician. He was able to partake of all of his meals at the usual time. Mrs. Hobart felt so encouraged at the improvement that she consented to go for a drive.

## PROGRESS OF THE NEGRO.

A Favorable Report on Freedmen's Work Made to the Methodist Episcopal Bishops.

PHILADELPHIA, Nov. 14.—The board of bishops of the Methodist Episcopal church returned from Baltimore and met the general committee of the Freedmen's Aid and Southern Educational society in this city. Bishop W. X. Ninde presided at the morning session. Among other business the report of the board of managers said in part:

"The schools of the Freedmen's Aid and Southern Educational society have been making good citizens; educating negroes to be Christian men and women. They have not made criminals. The criminal negro never comes from the Christian school. There have been more than 200,000 students in these schools and not one of them has ever been lynched or charged with the crime for which negroes are lynched."

## \$30,000 IN DIAMONDS STOLEN.

Burglary in a Jewelry Store in Cleveland.

CLEVELAND, Nov. 14.—Thirty thousand dollars worth of diamonds were stolen from the store of Sigler Bros. at 354 Euclid avenue. Three men entered the store, which is on the second floor. One of the trio stood at the elevator cage and the other two entered the office of Mr. Sigler. One of the strangers engaged the attention of one of the clerks and the other talked to Mr. Sigler, at whose side was a black box 4x10 inches containing the diamonds.

Mr. Sigler said his attention was detracted for a moment and upon turning to his supposed customer both had fled and the box of jewels was gone.

## Ludiow Went to White House.

WASHINGTON, Nov. 14.—Brigadier General Ludiow, military governor of Havana, who has been spoken of in connection with the civil governorship of Cuba when such an office shall be established, was at the war department and had a long conference with Secretary Root, who afterward went with General Ludiow to the White House.

## Thurston to Marry This Week.

OMAHA, Nov. 14.—Confirmation was made at the Thurston residence in this city of the report that Senator John M. Thurston was to wed Miss Lola Pearman of Washington. The wedding will occur in Washington this week, and the senator and his bride will take a wedding trip before returning to Washington for the session of congress.

## Labor Union and Bicycle Trust.

TOLEDO, Nov. 14.—President Mulholland of the International Bicycle Workers' union has returned from Chicago, where he had a conference with A. G. Spalding of the American Bicycle company. The two are making efforts to establish close relations between the labor union and the so-called bicycle trust.

## Sympathy Strike Ordered.

BUFFALO, Nov. 14.—To force a settlement between the men engaged in iron construction work and their employers regarding wages, the Trades and Labor council ordered out all union men working on buildings in this city in which iron is being used. It was said 4,000 men were affected.

Paying a high tribute to the "surprising intelligence and confidence of the American soldier," the officer said:

"Patience and bravery the American soldier has shown in a high degree, but he is not particularly mobile. He

## ACTION ON M'GIFFERT

His Case Left to General Assembly.

## REFUSED TO QUIT THE CHURCH.

Of the Essential Points of Faith Submitted by the Committee He Only Announced Unqualified Belief In One. Some Against a Heresy Trial.

NEW YORK, Nov. 14.—The case of Prof. Arthur C. McGiffert of Union Theological seminary, who is charged with holding views that are at variance with the doctrines of the Presbyterian church, came before the New York presbytery and was referred to the general assembly. A committee was appointed last June to confer with Prof. McGiffert and prevail upon him to withdraw from the church, or at least modify his views. Meetings have been held, which Prof. McGiffert attended, but he steadfastly refused to recede from the stand he had taken on certain church matters, saying that he had been misunderstood. The general assembly prepared expressly for Prof. McGiffert's case an outline of the fundamental principles of the church. Those were:

First—That the statements of the Holy Scriptures are absolutely truthful, i. e. free from error when interpreted in their natural and intended sense.

Second—That in Jesus Christ there were two whole, perfect and distinct nature, the Godhead and the manhood being inseparably joined together in one person without conversion or confusion, so that he was in no particular liable to error.

Third—That the Lord's Supper was instituted by the direct and personal act of Jesus Christ to be observed in his church unto the end of the world.

Fourth—That God justified men by imputing the obedience and satisfaction of Christ to them; they receiving and resting upon him in all his righteousness by faith, which faith they receive as the gift of God.

It is only the last of these statements that Prof. McGiffert accepts as it stands.

The committee to whom the matter was referred was composed of Rev. Dr. Robert F. Sample, chairman; Rev. Dr. John B. Shaw, Rev. Dr. R. R. Booth and Rev. Dr. John C. Bliss, and the following elders: William Magie, Oscar E. Boyd and Titus B. Meigs. Mr. Boyd was the only one of the committee absent at a meeting of the committee held just previous to the meeting of the presbytery.

The report was voluminous. Its essence was that the case should be referred to the general assembly which meets in St. Louis next May. The report was accepted and ordered to be printed for private distribution among the members of the presbytery, and made the order of the day of the December meeting.

At the conclusion of the reading of the report Prof. Francis Brown, Rev. Dr. Howard Agnew Johnson and Rev. Dr. Henry Van Dyke read suggestions, in which it was advised that the controversy over Prof. McGiffert be dropped. Dr. Johnson's paper was heard first, then Prof. Brown's and Dr. Van Dyke's and they were in substance alike. Dr. Van Dyke said that, while a majority did not agree with Prof. McGiffert, the wisdom of a heresy trial was doubtful and might result in harm to the Presbyterian cause. In view of preparations for a series of Presbyterian revivals in this city this fall and winter, the postponement of the discussion of the subject and the reference to the general assembly is thought desirable.

## TO CHANGE PENSION RULINGS.

G. A. R. Committee Presented to the President the Encampment's Requests.

WASHINGTON, Nov. 14.—The G. A. R. committee on pension legislation presented to the president the report adopted at the encampment asking for a modification of certain pension rules. The committee consisted of R. B. Brown of Zanesville, O., chairman; General A. D. Shaw, commander-in-chief; Major J. W. Burst of Sycamore, Ills.; General Daniel E. Sickles of New York, Charles Clark Adams of Boston and Past Commander-in-Chief John M. Palmer. The report asked the president if he deemed it within his authority so to do to issue an executive order to the effect that in determining the

pensionable status of a soldier and in fixing his rate of pension the several disabilities which he may have sustained shall be grouped and taken into consideration.

The report further asked the president to direct that the practice of refusing pensions to widows of soldiers who have incomes of \$96 a year or more, be discontinued and that the limit of income in such cases shall be raised to \$250 a year.

The committee stated that Commissioner Evans favored these suggestions, but thought the remedy laid with Congress. The president assured them that their remarks would have the fullest consideration.

## HOT ON BURGLARS TRAIL.

Deputies Expect to Catch Titusville, Pa., Bandit Today—Wounded May Recover.

TITUSVILLE, Pa., Nov. 14.—Deputies on the trail of the missing burglar telephoned to Titusville from Tidioute, Forest county, that they were hotly pursuing him and expect to apprehend him in the vicinity of Marienville, where he is believed to be headed.

W. E. Steinmetz and Chief of Police Hanaway of Meadville arrested a half-witted fellow named Freeman, at Utica, Venango county, but he was released and returned home.

Both the wounded officers are doing well and ought to recover.

## Investigated Adulteration of Liquors.

NEW YORK, Nov. 14.—The United States senate committee on manufactures continued its inquiry into the adulteration of ales, porter and beer. On Thursday the commission will receive reports from several professors of Yale and Harvard, who have been invited to submit their views as to the establishment of a standard of purity of all food products. Testimony showed that salicylic acid and other preservatives are used in beer.

## To Develop Limestone Region.

HOLLIDAYSBURG, Pa., Nov. 14.—A force began the construction work on four small branches to the Pennsylvania railroad, about six miles south of this place. The railroad will develop a rich limestone region where extensive quarries will be opened and 400 men given employment. Trains will be running on the new road on Jan. 1. Near the quarries many buildings are being erected for a new town to be known as Walls.

## Abused by Robbers.

UNIONTOWN, Pa., Nov. 14.—The residence of Isaac P. Conn, on the Cheat river, was robbed and Conn and his wife, who are over 60 years of age, with their hired man, John Bixler, were bound and forced to undergo brutal treatment for the two hours that the burglars remained in the house. The raid yielded the burglars about \$110 in cash, a gold watch and some other booty.

## To Expel Indians.

DENVER, Nov. 14.—Game Warden Lee is organizing a posse here to expel from Colorado several hundred Indians who are encamped at the headwaters of Yellow creek, between Pielance and Douglas creeks, and are engaged in killing deer. The settlers are alarmed lest the Indians shall seek to avenge upon them the killing of several Indians by mules stampeded, the force got hard pressed by the enemy. They would have held out, however, but some subordinate, without instructions, hoisted a flag of truce on his own responsibility. Nothing then remained but to surrender.

## Died of Injuries by Robbers.

BALTIMORE, Nov. 14.—Dr. James M. Morison, the aged physician who was robbed and beaten by two men at his home on the evening of Nov. 2, died of his injuries. The thieves got nearly \$1,200 in money and valuables. John Schmeltzing, who took Dr. Morison home from a nearby resort on the evening of the robbery, has been arrested but is out on bail.

## National Tinplate Company Incorporated.

WHEELING, Nov. 14.—The long expected incorporation of the National Tinplate company has taken place. The papers were issued at Charleston. The authorized capital is \$5,000,000. The incorporators are: State Senator N. E. Whitaker and W. H. Rogers of Wheeling, J. C. McDowell, N. E. Fustan, C. A. Dally, A. B. Dally, G. S. Lewis and W. E. Wilson of Pittsburgh.

## Three Children Burned to Death.

SAULT STE. MARIE, Mich., Nov. 14.—A special from Detroit, this county, said that the three sons of Mrs. Kate Orr, aged 8, 6, and 5 years, were burned to death in a fire which originated in their home. Their grandmother escaped unharmed.

## Asked Advance In Wages.

CLEVELAND, Nov. 14.—A committee representing all branches of service on the Wheeling and Lake Erie railway called upon President Bickensderfer and requested a general advance of 10 per cent in wages. The request was taken under consideration.

## CAPITULATION RUMOR

Report That White and Joubert Conferred.

## COULDN'T COME TO TERMS.

Inconveniences of Siege Suffered—Bread Getting High—Boers Damaging Mines by Throwing Shells Into Dynamite at Kimberley—Dashing Sorties.

LONDON, Nov. 14.—Among the stories from Brussels is one that General Joubert and Sir George White have been endeavoring to negotiate for the capitulation of Ladysmith, but have failed to come to terms.

Estcourt dispatches say that heliograph communication has been established with Ladysmith, but so far no news has been received, the latest date being Nov. 6, which shows that the occupants of Ladysmith had no news of the outside world since General French reached Pietermaritzburg, and that they were puzzled at the inactivity of the Boers. Everyone was confident and cheerful, but all were suffering the inconvenience of the siege, bread selling at 3 shillings per loaf.

Colonel Laden-Powell's dashing sorties at Mafeking encouraged hope.

According to a dispatch from De Aar the Boers at Kimberley have got the exact range of the mines and are constantly throwing shells at the dynamite huts. Several of the latter have been blown up and the damage done to the mines already amounts to many thousand pounds.

LONDON, Nov. 14.—A dispatch from Cape Town to the war office announced the arrival there of the troopship Armenian with three batteries of artillery and an ammunition column and the troopship Nubia with the Scots Guards and half a battalion of the Northamptonshire regiment. This brings the total number of reinforcements to 12,802, of which about 6,000 are already on the way to Durbin. The Armenian and Nubia, whose troops belong to the first division, will probably also be ordered to proceed.

Nine troopships, carrying 11,000 men, are due at Cape Town today (Tuesday.)

It was officially announced that the troopship Armenian left Cape Town yesterday (Monday) afternoon for Durbin and that the troopship Orient has arrived at Cape Town with 47 officers and 1,187 men.

PRETORIA, Nov. 14.—Father Matthews, chaplain of the Irish Fusiliers, who was captured at the battle of Nickolsons Nek, arrived here. He complains that though General Joubert promised he would be permitted to return to the British camp he was taken to Pretoria. The secretary of war released him two days after his arrival and he was permitted to leave. He reports that the prisoners are well cared for.

LORENZO MARQUES, Delagoa Bay, Thursday, Nov. 9.—Father Matthews, who arrived here from Pretoria, said with reference to the surrender of the Irish Fusiliers and the Gloucestershire troops at Nickolsons Nek, that after the mules stampeded, the force got hard pressed by the enemy. They would have held out, however, but some subordinate, without instructions, hoisted a flag of truce on his own responsibility. Nothing then remained but to surrender.

## Testimony on Trust Incorporating.

WASHINGTON, Nov. 14.—O. H. King of Jersey City, before the industrial commission, attributed the popularity of New Jersey as a place for the incorporation of trusts to the fact that the state granted a more liberal charter than do most other states. He thought, however, that under the New Jersey laws not only the stockholders, but the public as well, were amply protected. A. P. Nevin, a New York attorney who represents several corporations originating in West Virginia, said that companies incorporated in that state were not required to keep agents there, nor to have on file anywhere in the state a duplicate list of stockholders.

## THE EAST END.

### CITY NOW OWNS THOMPSON PARK

Council Formally Accepts Professor Thompson's Offer

#### WITH RESOLUTION OF THANKS

Sunday School Officials of the Second Presbyterian Church Will Meet—Many East Enders Are Sick—A Little Boy Had Several Fingers Caught In a Wringer.

Council held a special session last night after the adjournment of the meeting of Claims committee and accepted the gift of Thompson park to the city by Prof. W. L. Thompson.

The special meeting was necessitated by Professor Thompson desiring to have the matter disposed of before he and his family left to spend the winter in California. President Peach, Cain, Smith, Seckerson, Marshall and McHenry were present.

Professor Thompson had the deed for the park with him. He suggested a park commission be named by council to take hold of the matter, and stipulated that no street railway franchise be granted to the park entrance unless at a five-cent fare. A ten-cent fare would prevent his wish to have the park made a popular institution. He did not wish the city to accept the park and let it grow up in briars and had inserted in the deed a condition that the city should appropriate \$600 a year to keep it in order.

Clerk Hanley read the deed conveying to the city the 100 acres, "in trust for the free use and enjoyment of the people of said city and vicinity, for the purpose of a public park, to be known as 'Thompson Park,' and to be used or appropriated for no other purpose, but to be free to the public of said city and vicinity forever"—and in addition, conveying also the 80-foot boulevard from the Calcutta road to the park entrance. The deed was signed by William L. Thompson and Elizabeth J. Thompson.

Professor Thompson said he had arranged to build an entrance at the western or Calcutta road entrance. This will be stone or granite and will cost probably \$3,000.

President Peach said the city had an extraordinarily liberal offer. The average citizen tried to mulct the city for damages, but Professor Thompson, public spiritedly, donated a park and began the improvement.

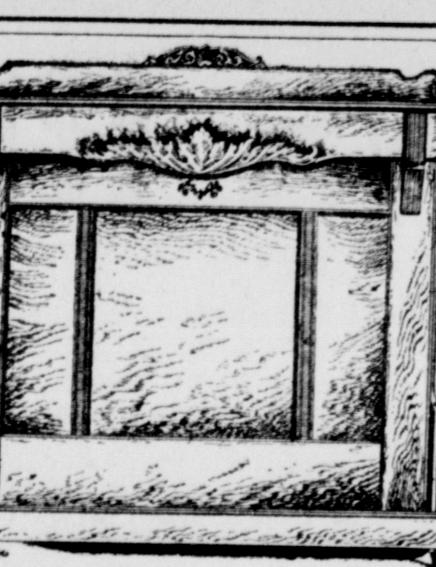

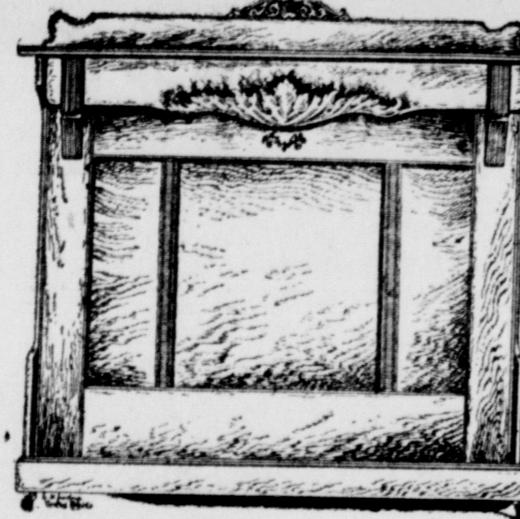

Mr. McHenry moved the offer be accepted with a resolution of thanks, which carried with enthusiastic unanimity. The deed will be formally accepted tonight to make the matter regular.

The route of the boulevard from the park to the East End will also be discussed at tonight's regular meeting. Two routes are suggested—one to come out on Pennsylvania avenue at the old street railway loop, opposite the T. F. Anderson residence; the other to follow the edge of the woodland on east as far as Columbian park.

#### Claims Committee Objected to Teamsters' Bills.

#### FIFTY CENTS A DAY TOO HIGH

A Batch of Them Were Turned Down and the Matter Will Be Discussed This Evening—A Large Number of Claims Were Ordered Paid.

All members of claims committee were present at the session held last evening. When the bill of teamsters was reached McHenry at once raised a kick on paying them \$4.50 per day when private parties hired teams for \$4. He thought the city should get teams as cheap as anybody and Mr. Marshall remarked that the contractors didn't lose anything by the teamsters' advance in wages.

Didn't Pay Some Bills.

It was decided to lay over all the teamsters' bills and as a result the following were turned down: James McMillan, \$19.65; Standard livery, \$56.93; John Rinehart, \$9; Jutte company, 80c; James Rayl, \$4.50; William Surles, \$49.50; John Milliron, \$66.37. The light bill of \$606.83 went over because there was no report in regard to the number of lights out during the month. A claim of \$307.50 from the ice company for putting in the Tanyard run sewer was turned down because they charged \$10.25 a foot.

The Bills Ordered Paid.

The following bills were ordered paid: J. N. Hanley, \$80.75; labor on sewers, \$354.52; James McMillan, \$2.25; John Minto, \$1.05; J. H. Harris, \$75; salaries of fire department, \$540; sundries, \$87.67; Crisis, \$29; M. J. ## SOUTH SIDE.

### WILL START NEXT YEAR

To Build the Cumberland Branch to Pittsburg.

#### A BIG BONUS WAS OFFERED

For a factory on the Lloyd Farm, but was turned down on account of lack of shipping facilities—negotiations to be resumed—News of Chester.

S. J. Cripps this morning stated that within the last week he had been told by several prominent railroad officials that the Cumberland branch of the Pennsylvania railroad company would be built to Pittsburg, and work on the extension from the Marks farm would be commenced next year.

It will be remembered that early this year, before work on the present extension was commenced, Engineer McConnell surveyed a route from Chester to Monaca. He is now working on a line to McKee's Rocks from the Ohio connecting bridge. The Pressed Steel Car company at McKee's Rocks are building a short line of their own and over these tracks it is intended to run the Panhandle trains.

#### LACK OF FACILITIES.

One Factory Turns Down an Offer of Several Acres and a Large Bonus.

The company whose intention it is to purchase the Lloyd tract opposite Jethro is being organized, and by the last of the week their plans will be perfected. This morning local parties who are interested went to Pittsburg, where they held conferences with the present owners of the land. They also talked to parties who are after desirable locations. One of the gentlemen stated this morning that a concern they had been after had practically decided not to locate on the farm although several acres and a bonus of \$18,000 had been offered. This, the men claim, is due to there being no shipping facilities. A letter has been written the railroad company, and if work on the extension to Pittsburg is rushed, it may be possible the factory can be secured after all.

#### PRICES ADVANCING.

Cumberland Real Estate is Climbing Higher Every Day.

L. O. Smith, of Cumberland, spent several hours in Chester yesterday afternoon, and in speaking of Cumberland stated that the price of real estate in that town had advanced 30 per cent., within the last 60 days, and is still going up. Of Chester Mr. Smith predicted a bright future and a population of over 1,600 people by next year.

#### A BIG ORDER.

What It Will Require to Remodel the County Road Bridge.

The work of remodeling the county road bridge over the railroad at First street will be commenced early next week. The order for the lumber has been placed and it is said over 21,000 feet of lumber will be required to complete the job. The bridge at Third street over which the street cars will pass will be changed. It has been found it is too low and will have to be raised four feet.

Bricklayers Quit Work. Yesterday five bricklayers at the

Chester rolling mill quit work. The brick work about the mill is fast nearing completion, and it will be only a few weeks until all the brick work is finished.

#### Court Adjourned.

W. A. Riley, of Chester, who is serving on the jury at Cumberland, returned home last night. One case was tried yesterday and court adjourned yesterday afternoon to meet Wednesday morning.

#### More Pipe Being Distributed.

This morning six cars of 10-inch pipe arrived in the Liverpool freight yards for the Ohio Valley Gas company. They are now being distributed throughout Hancock county.

#### Going to Canada.

Henry Greek, of Chester, is making arrangements to take a hunting trip through Canada. He expects to leave next week.

#### His Goods Arrived.

The household effects of C. Arner, of New Kensington, Pa., were delivered in Chester today.

#### Mechanics' Meeting.

The Junior Mechanics met last evening and acted upon two applications.

#### Personals.

Engineer Bennett, of the rolling mill, returned yesterday from Pittsburg.

#### TREASURER'S REPORT.

The City as Usual Hasn't Any More Money on Hand Than It Needs.

The report of City Treasurer Herbert for the month shows the balances as follows: General, \$22,429.76; wharf, \$41.02; police, \$1,631.28; light, \$2,158.90; sinking, \$14,314.15; bridge, \$399.35. The funds overdrawn are as follows: Street, \$13,654.41; fire, \$2,879.57; interest, \$4,284.47; sanitary, \$250.60. The cause for the overdrafts in the interest fund is that the city has paid \$7,000 interest on water works bonds for which there was no provision made. The new garbage furnace is what caused the overdraft in the sanitary fund.

#### HANDSOME MEDAL.

Commemorative of the Union Ex-Prisoners of War Encampment of 1899.

A. H. Jones, adjutant of the Allegheny county association of union ex-prisoners of war, yesterday forwarded a handsome bronze medal to Captain Harry Palmer with "the compliments of the association" in commemoration of the thirty-third national encampment at Philadelphia last September, at which Captain Palmer represented the Allegheny county association.

The badge is a very handsome one,

made of metal from Confederate canon.

The pendant has representations of Independence hall, Liberty bell and the seal of Philadelphia. The badge is suspended from it by a pale blue and old gold silk ribbon bearing the gold inscription, "National Association of Union Ex-Prisoners of War."

The medallion has a silver circle, with a gold square bearing the motto, "Death before dishonor," and the picture of a bloodhound springing upon a falling man.

The circle of the medallion contains the lettering, "Thirty-third National encampment, Philadelphia."

The badge was struck by the Philadelphians in honor of the event and the ex-prisoners say the reception given them by the City of Brotherly Love was one of the best they have had in the 33 years of their history.

#### Reduced Rates.

For the accommodation of persons wishing to make Thanksgiving Day trips, excursion tickets will be sold at any ticket station of the Pennsylvania lines to stations on those lines within a radius of 150 miles of selling point. Tickets will be on sale November 29 and 30, good returning until December 1, inclusive. For rates, time of trains, etc., apply to nearest ticket agent of the Pennsylvania lines.

#### AUTOCARS IN SHANGHAI.

#### Demand For American Motor Vehicles in Far Cathay.

In reply to inquiries from a Chicago firm Consul General Goodnow writes from Shanghai:

"This is an ideal place for motor vehicles. The town, built on alluvial deposit in the mouth of the Yang-tse river, is level. The roads are macadamized, and the climate is such, especially in the summer, that everybody drives. The horses are small, about the size and character of our Indian ponies. The foreigners are comparatively few (say 5,000 men, women and children), but there are nearly 500,000 Chinese in the settlements, and these take very kindly to our mechanical inventions as soon as they see them. Shanghai also is the distributing point for central and northern China. The merchants from the other treaty ports come here to buy their goods. Arrangements should be made to show vehicles and to make a practical, everyday demonstration of their ease of management and durability.

"The Chinese will not buy goods without having seen them. The average Chinese has seen so few new things that it is not easy for him to exert his imagination. Foreigners here are also slow to buy motor vehicles. The prices are considered high, and many think of the vehicles as experimental play things. Neither the foreigners nor the Chinese can be induced to buy by descriptions or catalogues. There have been one or two auto motors shown here, but they were of an inferior type and manifestly unfit for either use or pleasure.

"This is the time to push this trade in Shanghai, as there are no street railways here, and the city is growing so rapidly that need is felt for more rapid transit.

"There are two ways to advertise these new vehicles. One is to send a machine to some person well known here, who will use it constantly, demonstrating the fact that it can be used by an amateur for pleasure at a cheap running cost. I am inclined to think myself that this would be the better plan. It must be remembered that the cost of transportation in Shanghai differs from that in Chicago. Here a carriage with two horses, driver and footman can be hired for \$75 Mexican (say \$36 gold) per month, or if one owns ponies they can be fed for \$6 Mexican each per month, and the driver and footman can be hired for \$17 Mexican (for the two) per month. It would be necessary, under this plan, to practically give the use of a vehicle to some well known person who would use the same constantly and keep it in repair. It may be possible that a like result would be reached by placing the vehicles on exhibition with one of the above named firms, but if it is desired to get a part of the Chinese trade—which is immense and is thoroughly interested in American mechanical inventions—I would strongly urge that one or more machines be shown on the streets here in such a manner that the Chinese will know that they are used by Americans of a position that will guarantee their desirability as vehicles of use, pleasure and fashion."

#### Broncho Bill's Religion.

In Colonel W. F. Cody's theatrical troupe during his first year on the stage there was an eccentric westerner by the name of "Broncho Bill." There were also several Indians in the troupe whose moral welfare was the special object of an old missionary who frequently came to see them. Thinking that "Broncho Bill" would bear a little looking after also the good man secured a seat by his side at the dinner table and remarked pleasantly:

"This is 'Mr. Broncho Bill,' is it not?"

"Yaas."

"Where were you born?"

"Near Kit Bullard's mill, on Big Pigeon."

"Religious parents, I suppose?"

"Yaas."

"What is your denomination?"

"My what?"

"Your denomination?"

"Oh—ah—yaas. Smith & Wesson."

### A CELESTIAL DISPLAY.

Astronomers throughout the world are intently watching the heavens this week, taking observations of the Leonid shower of meteors which occurs every 33 years and is due tomorrow evening. The shooting stars which may be seen tomorrow midnight, if the night is clear, are different from the ordinary. The common sort are meteorites, whose illumination is caused by the friction of their rapid transit through the atmosphere—fifty miles an hour. The Leonids are a swarm of minute particles—a kind of meteoric dust, moving around the sun, with a period of about 33 years. When they and the earth reach the same point as the earth dashes through the swarm of particles thousands are caught in our atmosphere, where they are heated to a high temperature by the friction of the air, and then are torn asunder and scattered in shining points of light, producing the shower of stars to be seen this week. The display may last all week, but it is calculated will be at its best midnight tomorrow. Early morning is also a good time to see it.

CHESTER HANSELMAN

Is in Jail Upon a Very Serious Charge.

HE IS HELD IN \$1,000 BOND

For His Appearance at the Hearing Tomorrow Morning at 9 O'clock—Should He be Convicted He will Undoubtedly Get a Long Term in the Penitentiary.

Chester Hanselman now occupies a cell in the city jail upon a charge of criminal assault preferred by William H. Densmore, of Wellsville, on behalf of his 11-year-old daughter, Della A. Densmore.

Yesterday afternoon the little girl was sent to this city, but after arriving here couldn't find the store to which she had been told to go. She was standing at the corner of Fifth and Washington streets when a young man accosted her and said he would give her 50 cents if she would take a note to Robinson's. She said she didn't know where they lived and he offered to show her, and took her to a point on Pennsylvania avenue almost directly north of the Globe pottery. The details of the crime are too heinous for publication.

The little girl managed to find her way to the city and went home. The affair was reported to the police and from the description given them they arrested Hanselman. At the fire station the girl identified him.

He pleaded not guilty this morning before the mayor and was held in \$1,000 bond awaiting a hearing tomorrow at 9 o'clock.

## PURCHASED 400 SEATS

School Board Cancels the Order  
Given For 200

### BECAUSE OF A PECULIAR MIXUP

Between Agents and Furniture Companies—Bids For Coal Opened and Contract Let to Robert Moore—Bills For October Examined and Approved.

All members of the board of education were present when the meeting was opened at 8:20 o'clock last evening.

During the evening the board purchased 400 school desks from the American School Furniture company. The order for 200 desks given W. H. Beebout, of New Cumberland, at a meeting held on November 4 was canceled.

Clerk Walter B. Hill read several letters and telegrams from the Piqua School Furniture company, the firm whom Beebout was supposed to represent, claiming that the statements of Beebout to the board on the sale of the 200 desks was unauthorized, and he had no authority to take the order at the prices quoted the board.

Yesterday afternoon H. D. Clark, a representative of the American School Furniture company, called at the office of Clerk Hill and was shown the correspondence received from Beebout and the Piqua company. Last night the clerk received another telegram from the Piqua company in which Beebout was turned down.

Mr. Norris, after hearing the letters read, said: "I am tired of this matter, and if we are unable to buy any desks when an agent is present at every meeting we had better resign our positions. To a man of ordinary sense this thing is becoming very disagreeable. We should not allow anyone to play horse with us." Clerk Hill read quotations from several firms who claim to be outside the trust, but Mr. Clark, of the American company, came in and made a lengthy speech.

Mr. Clark said among other things that he would sell the board desks at \$1.90, \$2.00 and \$2.10 each on three sizes, but the order must be placed immediately. Samples were submitted and a lengthy discussion as to the merits of the desks followed.

Mr. Norris wanted the subject laid over and made a motion to that effect. The board thought differently and finally a motion to adjourn was made by Mr. Norris.

"You can adjourn yourself," replied Mr. Murphy, "but this matter has got to be settled now."

Clerk Hill suggested the seats in the high school room be inspected.

"So the board can act intelligently in the matter," put in President Vodrey.

Messrs. Norris and Williams held a little caucus of their own, and Mr. Murphy commenced reading a paper while the other members went upstairs.

When the members returned Mr. Clark made another speech, which resulted in Mr. Murphy making a motion to purchase 400 desks from the American company at \$1.90, \$2 and \$2.10; 200 desks to be delivered now, the balance when the new East End building is completed. Every member voted yes except Mr. Norris, who said he did not care to vote.

The following bids for coal were read: Robert Moore, Central, Third and Sixth street buildings, 6½ cents. W. H. Frazier, for the same buildings, bid 8½ cents. For the West End, Sheridan avenue and Grant street buildings, Moore bid 7 cents and Frazier 8½ cents. On all other buildings Moore bid 9 cents and Frazier 9½ cents. Moore was given the contract.

The following bills were ordered paid: W. H. Kinney, \$5.82; Robert Hall,

\$19.56; Diamond Hardware Company, \$9.27; Ohio Valley Gas company, \$85.05; Ceramic Light company, \$1.73; John A. George, \$3.50; W. H. Brown, \$4.50; School Board Journal, \$1; Wilson Stationery company, \$4.50; W. H. Frazier, \$3.61; American Book company, \$69.60; Eagle Hardware company, \$4.55; Ohio Electric company, \$1.15; J. H. Simms, \$19.40; Pennsylvania company, \$1.50; Andy Rattray, \$5.60.

### PLEADED INFANCY.

The Case of the Chapman Company Against Roy Colclough Heard Today.

The case of the Chapman company, of Chicago, against Roy Colclough for \$45 was heard in the court of Justice Hill this morning. Colclough pleaded infancy and the case was argued from that standpoint. Salary due Colclough in the hands of the Pennsylvania company has been attached. The squire will render a decision tomorrow.

Justice Hill didn't grant the motion for a new trial in the horse case and it will probably go to common pleas court

The case of David C. Torrance against George McNally for \$20 was dismissed in the court of Justice Hill because Torrance sued the wrong party.

### TWO CITY DIVORCES

Awaiting Trial in the Session of Court at Wellsville, This Week.

Eliza Ellen Walker seeks a divorce from John S. Walker, to whom she was married April 26, 1883. They have two children. She says on March 14, 1896, he struck her, choked and beat her and otherwise maltreated her. A. H. Clark is her attorney.

Sadie C. Hay asks a divorce from Samuel H. Hay, to whom she was married August 27, 1896. They have one child, Hazel N. Petitioner says defendant has grossly neglected her for two years and was convicted of non-support in 1897. On March 5, 1897, two weeks before their child was born, he deserted her and left the state.

### HE WANTS A DIVORCE.

James H. Butler Alleges His Wife Has Been Unfaithful to Her Vows.

LISBON, Nov. 14.—[Special]—James H. Butler, of East Liverpool, wants divorced from his marriage at Marietta in 1887, to Mary E. Butler. He says she was guilty of infidelity at Sunnyside, East Liverpool, with one Dora Richardson. He also wants the care of their two children. Mrs. Butler cannot be located.

### WANTS A PARDON.

### OFFICER WOODS SETTLED HIM

And He Was Fined \$10.60 This Morning  
and Given a Lecture—One Man Says He  
Will Sign the Pledge and Another Gets  
Fined For Cleaning the Streets.

Samuel Douglass, a painter, last night got on a good jag and went to his home on Seventh street where he proceeded to make things decidedly unpleasant for his wife and her daughter by using profane and abusive language. Officer Woods put a stop to his nonsense and Douglass was put in jail. This morning his wife, Mrs. Marietta Douglass, entered complaint against him and he was fined \$10.60 and given some good advice by the mayor. Friends came to the rescue and he was released.

#### Will Sign the Pledge.

Captain William Swaney, of West End, was arrested on complaint of David Boyd for disorderly conduct on Nov. 11. Swaney was drunk and was using profane and abusive language. He was arrested yesterday by Officer Whan and fined \$10.60, which he paid. He declared that he would sign the pledge and says he will not get drunk again.

#### A Street Sweeper.

William Johnson was making a street sweeper out of himself when Officer Grim found him on Market street. He occupied a cell in the city jail for some time but managed to scrape up enough money to pay a fine of \$9.60.

#### He Jumped Cars.

Sam Dawson, a boy about 16 years of age, was arrested by Reed, the street railway officer, for jumping on street cars at the corner of Fourth and Washington streets. He was kept in jail for sometime but the officer withdrew the charge and the boy was let off with a severe reprimand.

#### Celebration Was Costly.

William Huff, the Grant street boy who celebrated Halloween one day late, was arrested on a complaint filed by James C. Douglass and paid \$5.60 to the mayor.

#### They Are All Out.

Frank Glutz, Andrew McCaffrey and William Peer managed to get the money for their fines and were all released.

#### What It Cost.

It cost the city \$102.90 to extend the city limits as that was the bill of Recorder E. M. Crosser for recording the extension.

"The Fall of Atlanta" contains many beautiful tableaux and specialties.

### THE AVONDALE CASES

Are Begun In Court at Wellsville This Afternoon.

### THE ALLISON CASE HEARD FIRST

The Jury Were Empaneled Today and Came to This City This Morning—Evidence Being Presented This Afternoon. Amounts Sued For.

Court at Wellsville this morning took up the Avondale street cases. After the jury had been empaneled they came to the city and viewed the street, returning at 1 o'clock, when the case of A. S. Allison was taken up and is now being heard.

The suits are against the city for damages from change of grade as follows: Allison, \$500; Mary L. Collins, \$2,000; Fred Wilson, \$600; Blair Sharp, \$500; Zadock Fowler, \$500; J. McGonigle, \$350; W. H. Brooks, \$300. A total of \$4,600.

It is understood that if the city wins the Allison case the others will be dropped. M. J. McGarry represents the city and F. E. Grosshans the plaintiffs.

#### Case Settled.

The case of Odella Roose vs. S. J. Cripps, et al., for \$2,000 damages for tearing down a shed in the East End was settled in court at Wellsville this morning for \$240.

#### Making Improvements.

The trustees of the Christian church are having the room in the rear of the pulpit partitioned off and will make three rooms to be used for Sunday school and committee rooms.

#### Land of the Midnight Sun.

The Elroy Stock company at the Grand last evening presented "The Secret Enemy" to a large audience. The company is better than ever before and gave splendid satisfaction. Tonight they will present "The Land of the Midnight Sun," a dramatization of Hall Caine's celebrated novel, "The Bondman."

#### Twins.

Kelsey Bennett doesn't care a copper for all the meteors which may flash across the horizon. Why? Simply because two handsome girl babies came to his home at five o'clock this morning. Mother and little ones are doing well. Send us down the best cigars in your establishment, Kelsey, and we'll forgive you.

#### A Gas Explosion.

There was a small gas explosion this morning at the home of J. V. Early, Second street. Mrs. Early had her face slightly burned.

#### In Wellsville.

The petition of some of the stockholders of the Union pottery to remove the receiver will be argued in Wellsville tomorrow.

## ACTION IN THE COURTS.

Taylor's Counsel Made Move at Barboursville, W. Va., Threatening Crowd. Federal Grand Jury Charged.

LOUISVILLE, Nov. 14.—Chairman Long of the Republican campaign committee repeated his claim of a plurality of 3,111 for Taylor, based on official returns from 110 counties and unofficial returns from the remaining nine. The Democratic papers and leaders here have ceased to give figures, but special from Frankfort quote Candidate Goebel and other party leaders as saying they are confident of the success of the Kenton county man.

Barbourville, the county seat of Knox county, which gave Taylor 1,398 plurality, was visited by hundreds of people interested in the result, their avowed purpose being to see that justice is done. Counsel for candidate Taylor began action in the Knox county court to compel the county election officers to certify the vote to the state board of election commissioners. The contention is over 42 ballots from the First precinct, but the petition filed by Taylor's counsel asserts that the election officers propose to throw out the entire county. Judge Brown granted a temporary injunction against such action. Johnson and Lewis counties are affected by the Democratic charges of irregularities, and there, too, legal complications are likely to arise.

At Hopkinsville a contest over a precinct which gave Taylor a plurality of 95 is delaying the official return of the vote of Christian county, which gave Taylor a plurality of 750.

Slow progress was made in the count of Louisville and Jefferson county. A number of precincts are in controversy on the grounds of alleged irregularities. In one such case, the Seventh precinct of the First ward, the anti-Goebel people secured an order from Judge Toney to compel the precinct officers to sign the tally sheets. The Goebel people, however, claim the ballot box had been opened before it reached the county election officers. The vote, so far as canvassed, shows little change from the unofficial returns.

The federal grand jury, which was adjourned over the election, reconvened and was charged by Judge Evans regarding election violations, particularly with reference to the intimidation of colored voters.

### SALTER SURRENDERED.

Deputy Coroner Held on Bail in Philadelphia Election Cases.

PHILADELPHIA, Nov. 14.—Deputy Coroner S. P. Salter, who is involved in the alleged election frauds in the thirteenth division of the Seventh ward, and for whom a warrant had been issued, surrendered himself. He entered \$1,000 bail to appear for a hearing next Thursday. Lieutenant Colonel William G. Price of the Third regiment, N. G. P., signed the bail bond.

Bail was also entered in the sum of \$1,000 for Joseph Rodgers, lieutenant of the Capitol police, and Clarence Meeser, another of the alleged repeaters. Neither of the two men could be found and the bail was furnished by John F. Slater, a member of the state legislature. The warrants for Rodgers and Meeser were issued after the hearing of the five Washington men. Rodgers and Meeser will be given a hearing on Thursday, when Deputy Coroner Salter will be arraigned.

### ELECTION OFFICERS ARRESTED.

Defeated Candidates Made Charges of Law Violations at Cleveland.

CLEVELAND, Nov. 14.—John Bell, John L. Evans and O. Gildersberger, deputy state supervisor of elections, were arrested on a warrant sworn out by Thomas Clifford, charging them with violating the Ohio election law. The arrests are made at the instance of the defeated candidates on the independent legislative ticket.

They claimed that the board of supervisors failed of its statutory duty when it did not comply with their request to name them non-partisan and put them in the Jones column, failed to put a white circle above their names, and blackened the space where the circle should have been put above their names. The supervisors furnished bail for appearance in court next Friday.

### THE REPUBLICAN COMMITTEE.

A Meeting to Be Called to Convene December 15.

CLEVELAND, Nov. 14.—After a consultation between Senator M. A. Hanna and Mr. Charles F. Dick, chairman and secretary respectively of the national Republican committee, the latter announced that it had been decided to call the committee together on Friday, Dec. 15 next, at Washington, to name the time and place for holding the next national Republican convention. The session of the committee was intended to continue for two days.

The following named cities were men-

tioned as probable applicants for the national convention next year: Chicago, St. Louis, San Francisco, Cleveland, Minneapolis, Denver, Kansas City, Milwaukee and Buffalo.

### Accused of Marrying and Swindling.

CHICAGO, Nov. 14.—James Monroe, who is said to have wives in half a dozen cities, has been arrested here and will be held pending the arrival of officers from Rochester, N. Y., where he will be tried on charges of bigamy and swindling. Monroe, it is alleged, married Mrs. Mary J. Colthar of Bunker Hill, Ills., and deserted her at Rochester after securing \$4,100 from her. According to the police Monroe has wives in St. Louis, Evansville, Ind., New York city, Rochester and Canada.

### Germans Killed 200 Natives.

LIVERPOOL, Nov. 14.—The British steamer Volta, from the German Cameroons, West Africa, reported that a German punitive expedition in the Cameroons recently chastised a tribe of rebellious cannibals who had besieged several trading stations at and near Kribi. The Germans chased the natives into the bush, killing 200. Numbers of the slain were decapitated, their heads being stuck on poles in the interior towns to strike terror to the inhabitants.

### The Deweys Met Croker.

NEW YORK, Nov. 14.—Admiral Dewey and his wife breakfasted and left the hotel for a walk. In compliance with the request made by the admiral on Saturday, he was not molested in any way. They met Richard Croker, who was driving. The admiral introduced Mrs. Dewey.

### Fighters Killed by a Train.

WASHINGTON, Nov. 14.—A pension of \$15 a month was granted by Commissioner Evans to Adelaide W. Bagley, mother of Lieutenant Worth Bagley, who was killed in the war with Spain.

### New Orleans Beating Brooklyn.

WASHINGTON, Nov. 14.—The New Orleans is beating the Brooklyn in the ocean race for Manila.

### Hunters' and Farmer's Fatal Fight.

KOKOMO, Ind., Nov. 14.—In a fight between Orin Springer and Fred Smith and William Busby, Springer was instantly killed and Busby was wounded in the shoulder. Springer and Smith were hunting and had been ordered off Busby's farm. There was much indignation and the sheriff was apprehensive of trouble.

### Driver Blown to Pieces.

FREMONT, O., Nov. 14.—The explosion of a nitroglycerine wagon at Gibsonburg, owned by the Hercules Powder company, blew the driver, Ben Card, into small bits. The team and wagon shared his fate. The shock was felt here and at other places. Serious damage was done to buildings in the town.

### Accidentally Killed a Man.

PHILADELPHIA, Nov. 14.—William Rowland Hunn, aged 17 years, son of Ezekiel Hunn, a widely known and wealthy lawyer, accidentally shot and killed Edwin Lippincott in the latter's cigar store. Hunn was arrested and committed to await the action of the coroner.

### A Pittsburgh Steel Company Chartered.

HARRISBURG, Nov. 14.—A charter was issued at the state department to the Union Steel company of Pittsburgh, capital \$1,000,000. The incorporators are W. H. Donner, A. W. Mellon, R. B. Mellon, W. S. Mitchell and C. F. Farren, all of Pittsburgh.

### Accused of Embezzlement.

READING, Pa., Nov. 14.—Harry G. Johnson, formerly treasurer of the Independent Building association of this city, was brought here charged with the embezzlement of \$3,000 from the association. He was arrested a few days ago in Pittsburgh.

### Killed by His Son.

## THE CHINESE EAR CLEANER.

One of the Strange Sights to Be Seen  
In Manila Streets.

In this city of strange and unusual sights there is probably nothing that appears so strange at first sight to the American as the Chinese ear cleaner pursuing his calling on the street corners. The Chinaman so engaged is provided with a stool and a small bamboo case, in which are inclosed his instruments.

The Filipino is just as sure of having his ears cleaned on Sunday as an American is of having a shave, and in the by streets and alleyways they line up for all the world like a barber shop on Sunday morning, the only difference being the Chinaman can't say "next."

First of all the Chino takes a razor, which looks more like a propeller blade than anything else, and wiping the victim's face with a wet rag, proceeds to mop the dirt therefrom. While watching this part of the proceedings I was surprised at the flexibility of the native nose as demonstrated by the skillful fingers of the operator. To windward, to leeward, on its stern, beam and bow the native's nose is rapidly twisted to avoid the aforesaid razor. Having removed the real estate from the native's face, the Chinaman turns to the more difficult task of ear cleaning. The smallest spot of dirt and the tiniest nesh worm is removed before the operation is complete, and from the "heavenly expression" one would imagine that the operation was anything but pleasant.—Manila Freedom.

### Two Politicians.

One of the first things done by a stranger visiting Albany, says the Philadelphia Call, is to pay 25 cents and put himself at the mercy of a capitol guide.

The guide makes a profound and obsequious bow, like a prestidigitator about to charm an audience, and proceeds to lift the veil which hides the mysteries of the great building.

On a recent occasion the guide led a stranger regrettably past "McGinty's" empty frame and proceeded to identify the heads of notables that decorate the stairway. He did fairly well until the stranger pointed out Shakespeare and Homer and asked who they were.

"Them," replied the guide, undaunted, "are the heads of two politicians whose names I disremember."

### Newspaper Obituaries.

By this time, one would think, nearly everybody has ceased to wonder at the way in which newspapers can come out with column after column of biography the very morning after some eminent person has passed away, and it is an open secret that a carefully written "life" has been pigeon holed in the office for months—nay years—before.

Biographies, interviews, personal paragraphs, all yield their quota to the compiling of an obituary, but in some cases the subject has the grawsome experience of being waited upon while yet living to furnish materials for the notice.—Cincinnati Enquirer.

### The Largest Natural Bridge.

Down on Pine creek, near Camp Verde, A. T., is a natural bridge that is probably greater than any other in the world. It is nearly five times the size of the natural bridge of Virginia and has a span of more than 500 feet across Pine creek, which is dry 300 days in the year. The height of the bridge is about 80 feet, and it is about 600 feet wide.—Chicago Record.

### Juror's Sanity In Question.

PHILADELPHIA, Nov. 14.—Argument on the reasons for a new trial for ex-United States Attorney Ellery P. Ingham and his former assistant, Harvey K. Newitt, recently convicted in the United States district court of conspiracy and bribery in connection with the Lancaster revenue stamp counterfeiting case, was heard. A. S. L. Shields made the argument. Drs. Hill and Wood said they thought he was wrong mentally, as did several jurors, while others thought he was all right.

### Money For Parnell Monument.

ALBANY, Nov. 14.—Daniel Tallon, lord mayor of Dublin, and John E. Redmond, M. P., paid their respects to Governor Roosevelt at the capital and later were dined by the governor. About \$600 was raised here for the Parnell monument fund.

### Saved the Vase.

The little son of an English gentleman, in mischievously playing with a vase, managed, after several attempts to get his hand through the narrow neck, and was then unable to extricate it. For half an hour or more the whole family and one or two friends did their best to withdraw the fist of the young offender, but in vain. It was a very valuable vase, and the father was loath to break it, but the existing state of affairs could not continue forever. At length, after a final attempt to draw forth the hand of the victim the father gave up his efforts in despair, but tried a last suggestion.

"Open your hand!" he commanded the tearful young captive, "and then draw it forth."

"I can't open it, father," declared the boy.

"Can't?" demanded his father. "Why?"

"I've got my penny in my hand," came the astounding reply.

"Why, you young rascal," thundered his father, "drop it at once!"

The penny rattled in the bottom of the vase and out came the hand.

### A Mole Catcher.

A farm manager at Fodderty, Dingwall, Scotland, watching a mole catcher at work, saw sea gulls hovering over and occasionally alighting upon a turnip field in which the observer and others were at work. A particularly large and handsome bird attracted his attention by the graceful way it floated slowly over the drills, intently scanning the surface of the ground. Suddenly, steadying itself a moment, it dropped, dug its bill into the heavy ground and rose with a mole for its prey. Resting a few minutes, it gracefully began again a further search for prey. In a few minutes a second mole was unearthed.

### Case of Cruelty.

A little girl whose acquaintance with the zoological wonders of creation was limited was looking at one of the elephants in Lincoln park, Chicago while on her first visit to that popular resort.

Observing that the animal stood motionless near a watering trough, she said:

"Poor thing! Why don't they lift up his trunk and fasten it back so he can drink?"

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

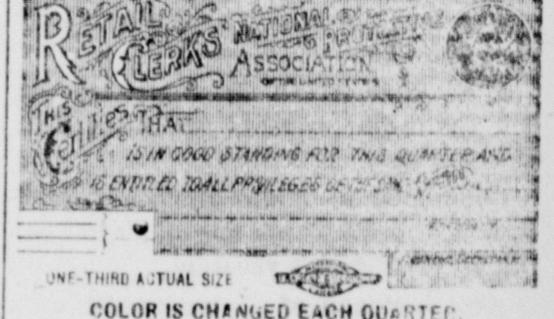

### UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns.

### PATRONIZE UNION CLERKS.

### UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' Union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

### CUSTOM TAILOR'S LABEL.

The Journeyman Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

### UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

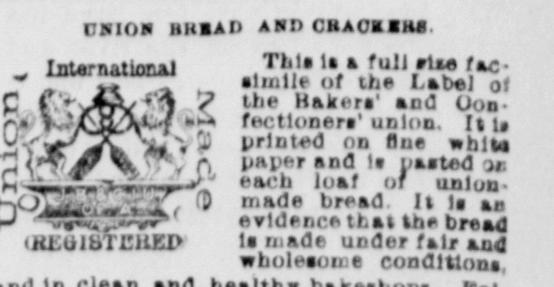

### BICYCLE LABEL.

"Do unto others as you would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

The label will be placed on the upper front side of the bicycle that receives the seat post.

### UNION BREAD AND CRACKERS.

This is a full size facsimile of the label of the Bakers' and Confectioners' Union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and cracker label:

This label is to be pasted on the front of all packages of union-made goods. It is to be pasted on the front of all packages of union-made goods.

### THE BALD EAGLE AT HOME.

#### He Chooses a High Tree For His Offensive Nest.

An old friend met us. He first showed as a black spot far up on the shore, then drifted grandly down upon set pinions, tacking in and out like a yacht working to windward. It happened he was slanting shoreward when he passed, and at 40 yards his snowy head and tail, broad, brown fans showed to fine advantage. We could see the polished yellow of his hooked bill and the fierce flash of his marvelous golden telescopic eye as he turned it upon us and then back to his tireless searching of the water and the wave line along shore.

For years this eagle, hoary old beach comber as he is, has patrolled the shore daily for miles, seeking what the waters have cast up, for be it known he is not above accepting even carrion. Many a dead fish and lost bird he gets for the trouble of picking them up, but he can hunt, too, when he feels so disposed. Season after season he and his mate have patched the old nest and reared their eagles in peace.

No one can climb the tree, and no decent man would shoot at the birds. Should you visit the foot of the tree your nose will be assailed by a most objectionable odor, and your naturally brief inspection will convince you that the eagles do hunt more than they are given credit for. Everywhere are fragments of fish, while among them are wings and tails which must have belonged to grouse, portions of hares and other fragments suspiciously like certain parts of lambs, sucking pigs and domestic fowls. But they were not our lambs, pigs or fowls, and so no shot whistles after the old pirate, who seems to understand that he is free to

buccaneer to his heart's content.—Ed. W. Sandys in *Outing*.

#### GESTICULATING TALKERS.

#### Italians Wave Arms Wildly When Conversing With One Another.

The farther south one goes in Europe the more do the people gesticulate in conversation, asserts a traveler who is at present "doing" Italy.

A Neapolitan, he says, goes through an entire course of calisthenics before he has talked five minutes. Give a Neapolitan a pair of dumb bells and ask him what he thinks of the weather and before he finishes his answer he will have taken enough healthful exercise to last him all day.

This traveler spent many an interesting hour in watching the Neapolitan talk. One day in a cafe he sat next to a couple of Italians, who were engaged in a most spirited conversation. The younger of the two men grew very excited. With his hands he made reaching and clinging motions, as if climbing. Then he reached right and left above his head, as one would do in picking cherries. Then, without slackening his remarkable flow of conversation, he put the thumb and first finger of his left hand together and held them a few inches before his eyes and went through the careful movements of one threading a small needle. And all the time he talked. Next he made overhand motions as of throwing. Then he gave an imitation of some one swimming. After that he described several rapid circles with his left hand, which gave the impression of a revolving wheel. Then he leaned forward and, with his right hand lifted, acted as a person would act in trying to put a key into a keyhole. The writer asked his friend, who understood Italian, what all the

fuss was about.

"They're talking chiefly about the weather," was the reply.—London Mail.

#### His Brogue Saved Him.

The thickness of his brogue secured for a recent arrival from the Emerald Isle a ride of several hundred miles at the expense of the Pennsylvania rail road. His destination was Boston, and at the Broad street station he asked for a ticket to the Hub. The ticket seller was unable to determine whether it was Boston or Washington the man wanted to reach, but finally sold him a ticket for the latter city, and a few hours later he found himself in the national capital. As he was unable to read, the mistake was not discovered until he reached Washington, and to complicate matters he had not sufficient funds to purchase a ticket to Boston.

He presented his case to the railroad officials at Washington, and they, putting him to a test, were unable to distinguish from his pronunciation of Washington and Boston any material difference, thus exonerating the clerk at the Broad street station in this city for his error. The facts of the case being laid before the general passenger department, the man with the brogue was forwarded to his proper destination.—Philadelphia Record.

#### Growing Hair by Suction.

A Paris hairdresser undertakes to grow a good crop of hair on the baldest head by mechanical means. His apparatus consists of a flexible plate of convenient shape to fit the top of the head. This is pressed down and the air from beneath it exhausted; the cupping process thus applied is supposed to stimulate the growth of the roots.
